## PREFACE

This volume has been published as a complement to my series of reprints of the **Postal Laws and Regulations of the United States of America**. Contained here are a total of five different publications produced for the Post Office Department during the years 1861 to 1865.

The lengthiest portion, some 293 pages, is the **List of Post Offices in the United States of 1862**. Complete lists of post offices such as this one are a useful reference for the cover collector and postal history student. The number of post offices included in this volume for 1862 was 28,875, including those at suspended offices, ie. those under Confederate control. One of the great values of this volume is that those post offices under Confederate control do not show the postmaster's name in the listing and are easily identified. A single page gives the major "Officers of the Department", followed by another page outlining the "Organization of the Department". Seven pages of instructions are given under title of "Notice to Postmasters". The alphabetical list of post offices, including county, state and postmaster's name, is followed by a second list arranged by state and county.

Between 1859 and 1866 no new edition of the **Postal Laws and Regulations** was published, making interpretation of the new postal laws difficult for many postmasters. Because of this the Post Office Department did publish a number of short pamphlets during this period which contained copies of the new postal laws and gave instructions for carrying the laws into effect. Four of these pamphlets are also reproduced here. The first is fifteen pages and is entitled **Extracts from Postal Laws of the Session of 1860-'61 with Instructions to Postmasters**. This was originally produced in a smaller format and pages of it appear in this work slightly enlarged in size. The second item is entitled **An Act to Amend the Laws Relating to the Post Office Department, Approved March 3, 1863: Together with Instructions Predicated Thereon by the Postmaster General, for the Government of Postmasters**. This document is sixteen pages in length, and contains a number of important changes in the postal laws. The last two items are only three pages in length each, but again detail important changes in the postal laws. They are entitled **An Act to Establish Salaries for Postmasters, and for Other Purposes, Approved July 1, 1864**, and **An Act Relating to the Postal Laws**, which is dated May 1, 1865.

The items included in this volume served to communicate new laws, regulations and instructions to postmasters during the Civil War period and give the cover collector and postal history student a valuable reference work.

L I S T  
OF  
POST OFFICES IN THE UNITED STATES,

WITH THE  
NAMES OF POSTMASTERS ANNEXED,

[EXCEPT AT SUSPENDED OFFICES.]

WITH  
AN APPENDIX

CONTAINING THE  
NAMES OF POST OFFICES, ARRANGED BY STATES AND COUNTIES.

EMBRACING ALSO  
CERTAIN IMPORTANT REGULATIONS, AND OTHER POSTAL INFORMATION.

---

REVISED AND CORRECTED BY THE POST OFFICE DEPARTMENT UP TO JULY 1, 1862.

---

WASHINGTON :  
GOVERNMENT PRINTING OFFICE.  
1862.

## OFFICERS OF THE DEPARTMENT.

---

### **POSTMASTER GENERAL,**

MONTGOMERY BLAIR, of Maryland.

---

### **FIRST ASSISTANT POSTMASTER GENERAL.**

[Office of Appointment and Foreign Mails.]

JOHN A. KASSON, of Iowa.

ST. JOHN B. L. SKINNER, of New York, Principal Clerk.

---

### **SECOND ASSISTANT POSTMASTER GENERAL,**

[Office of Mail Routes and Mail Contracts.]

GEORGE W. MCLELLAN, of Massachusetts.

EBEN L. CHILDS, of New Hampshire, Principal Clerk.

---

### **THIRD ASSISTANT POSTMASTER GENERAL,**

[Office of Finance, Postage Stamps, and Dead Letters.]

ALEXANDER N. ZEVELY, of North Carolina.

C. F. McDONALD, of Massachusetts, Principal Clerk.

---

[Office of Inspection and Mail Depredations.]

WILLIAM A. BRYAN, of Virginia, Chief Clerk.

ROBERT K. SCOTT, of Pennsylvania, Principal Clerk.

---

### **Auditor of the Treasury for the Post Office Department.**

GREEN ADAMS, of Kentucky.

JOHN F. SHARRETTTS, of Maryland, Chief Clerk.

## ORGANIZATION OF THE DEPARTMENT.

---

THE direction and management of the Post Office Department are assigned by the Constitution and laws to the Postmaster General. That its business may be the more conveniently arranged and prepared for its final action, it is distributed among several bureaus, as follows: The Appointment Office, in charge of the First Assistant Postmaster General; the Contract Office, in charge of the Second Assistant Postmaster General; the Finance Office, in charge of the Third Assistant Postmaster General; and the Inspection Office, in charge of the Chief Clerk.

**APPOINTMENT OFFICE.**—The First Assistant Postmaster General: To this office are assigned all questions which relate to the establishment and discontinuance of post offices, changes of sites and names, appointment and removal of postmasters, route and local agents, also the giving of instructions to postmasters. Postmasters are furnished with marking and rating stamps and letter balances by this bureau, which is also charged with providing blanks and stationery for the use of the department, and with the superintendence of the several agencies established for supplying postmasters with blanks. To this bureau is likewise assigned the supervision of the ocean mail steamship lines, and of the foreign postal arrangements.

**CONTRACT OFFICE.**—The Second Assistant Postmaster General: To this office is assigned the business of arranging the mail service of the United States, and placing the same under contract, embracing all correspondence and proceedings respecting the frequency of trips, mode of conveyance, and times of departures and arrivals on all the routes; the course of the mail between the different sections of the country, the points of mail distribution, and the regulations for the government of the domestic mail service of the United States. It prepares the advertisements for mail proposals, receives the bids, and takes charge of the annual and occasional mail lettings, and the adjustment and execution of the contracts. All applications for the establishment or alteration of mail arrangements, and for mail messengers, should be sent to this office. All claims should be submitted to it for transportation service not under contract, as the recognition of said service is first to be obtained through the contract office as a necessary authority for the proper credits at the Auditor's office. From this office all postmasters at the ends of routes receive the statement of mail arrangements prescribed for the respective routes. It reports weekly to the Auditor all contracts executed, and all orders affecting accounts for mail transportation; prepares the statistical exhibits of the mail service, and the reports of the mail lettings, giving a statement of each bid; also of the contracts made, the new service originated, the curtailments ordered, and the additional allowances granted within the year.

**FINANCE OFFICE.**—The Third Assistant Postmaster General: To this office is assigned the issuing of warrants and drafts in payment of balances reported by the Auditor to be due to mail contractors and other persons, and the superintendence of the rendition by postmasters of their quarterly returns of postage. It has charge of the **DEAD-LETTER OFFICE** and of the issuing of postage stamps and stamped envelopes for the prepayment of postage.

To the Third Assistant Postmaster General all postmasters should direct their quarterly returns of postage; those at draft offices their letters reporting quarterly the net proceeds of their offices, and those at depositing offices their certificates of deposit; to him should also be directed the weekly and monthly returns of the depositaries of the department, as well as all applications and receipts for postage stamps and stamped envelopes, and for dead letters.

**INSPECTION OFFICE.**—The Chief Clerk: To this office is assigned the duty of receiving and examining the registers of the arrivals and departures of the mails, certificates of the service of route agents, and reports of mail failures; noting the delinquencies of contractors, and preparing cases thereon for the action of the Postmaster General; furnishing blanks for mail registers, and reports of mail failures; providing and sending out mail bags, mail locks and keys, and other duties which may be necessary to secure a faithful and exact performance of all mail contracts.

All cases of mail depredation, or violation of law by private expresses, or by the forging or illegal use of postage stamps, are under the supervision of this office, and should be reported to it.

All communications respecting lost money, letters, mail depredations, or other violations of law, or mail locks and keys, should be directed "Chief Clerk, Post Office Department."

All registers of the arrivals and departures of the mails, certificates of the service of route agents, reports of mail failures, applications for blank registers, and reports of failures, and all complaints against contractors for irregular or imperfect service, should be directed "Inspection Office, Post Office Department."

## NOTICE TO POSTMASTERS.

---

THE laws and regulations attached to the List of Post Offices, *published in 1859*, are still in force, except such portions thereof as may have been amended, modified, or superseded by the acts approved April 3, 1860, June 15, 1860, and February 27, 1861.

The regulations predicated upon the acts of *April 3, 1860*, and *June 15, 1860*, were published under date of *July 23, 1860*, and furnished to postmasters generally, and should be on file in their respective offices.

The act of *February 27, 1861*, was printed in pamphlet form, under date of *May 1, 1861*, and furnished to postmasters. This pamphlet should also be on file in each post office, with such circulars as may have been furnished, from time to time, by the department, and should be preserved for future reference.

The attention of postmasters is especially called to the following instructions:

### APPOINTMENT OFFICE.

1. For appointment and removal of postmasters, for instructions to postmasters as to the law, and their duties, write to the *First Assistant Postmaster General*. Also for post office blanks, marking and rating stamps, allowances for clerks, appointment and removal of special, route, and local agents, also for all matter touching foreign postal affairs.

### CONTRACT OFFICE.

2. For changes in mail schedule time, in routes of mail carriage, for instructions to contractors, for appointment of mail messengers, and all matters relating to contracts and contractors, write to the *Second Assistant Postmaster General*.

### FINANCE OFFICE.

3. For stamps, stamped envelopes, touching dead letters, and transmitting quarterly returns, &c., write to the *Third Assistant Postmaster General*.

### INSPECTION OFFICE.

4. For mail bags, locks and keys, respecting depredations on the mails, or at post offices, violations of postal laws by express companies or individuals, write to the *Chief Clerk, P. O. Department*. Also for blank registers of arrival and departure of mails.

Postmasters will note particularly the following rules :

### CHAPTER I.

*Great losses occur to the postal revenue by reason of the neglect of postmasters to collect all postage on printed matter in advance of its delivery.*

5. The low rate of postage cannot be prepaid on regular newspapers or periodicals for a less term than one quarter; and in all cases postage *must be paid* on such matter at the commencement of a quarter, or else to the end of the next following quarter.

6. Postmasters have no authority to give credit for postage. If credit has been given it is at their own risk, as they are personally responsible to the department for such postage. Unless the postage shall be paid quarterly or yearly in advance, at the commencement of a quarter, the full rate must be collected in advance for the fractional quarter, otherwise on each copy delivered, if not prepaid at the mailing office, or paid to the end of the next following quarter, as above stated.

7. Postage on transient printed matter must be prepaid by postage stamps. If it shall be introduced into the mail with regular printed matter, without being so prepaid, or if by negligence or oversight it escapes the notice of the mailing office, the full rate must be collected at the office of delivery, and the Appointment Office notified of the postmaster who has been guilty of the neglect in mailing.

8. Persons known as regular dealers in newspapers and periodicals may receive the same by mail in such quantities as they may require, and pay the postage thereon as received at the same rates as regular subscribers to such publications.—(Vide 11th section of the act of February 27, 1861.) But if remailed by them to points within or without the county where they reside, the same postage must be collected as if originally mailed at the office of publication.

9. The full postage *must be prepaid*, by postage stamps, on all letters mailed at one office in the United States and addressed to another office in the United States, except on free letters, and on duly certified soldiers' or sailors' letters, written by them, but not including letters written by commissioned officers. The postage on such certified letters must be collected at the office of delivery. The postage on letters written to such soldier or sailor must be *prepaid* as heretofore.

10. Postmasters at or near any camp or point occupied by the United States forces will mail, without prepayment of postage, any letter written by a soldier in the service of the United States, and certified to be such by any field or staff officer in the United States service. At hospitals or detached posts this certificate may be made by the chaplain or surgeon stationed therat.

The envelope should have plainly stamped or written on its face the certificate, "*Soldier's Letter*," signed in writing by one of the officers aforesaid, describing his regiment by its number and its State.

Prepaid letters to soldiers in any regiment in the service of the United States, and directed to them at a point where they have been stationed, may be forwarded, whenever practicable, to any other point to which they may have been ordered without further charge thereon for forwarding.

Under the act of Congress approved January 21, 1862, sailors and marines in the actual service of the United States have the same privilege with soldiers of sending letters without prepayment of postage.

All postmasters are instructed to mail without prepayment of postage all such letters when certified as follows: The envelope must bear the certificate, "*Naval Letter*," signed by a commander or lieutenant on board the vessel, with the name of the vessel.

## CHAPTER II.

### *Franking Privilege.*

11. The personal privilege of franking travels with the person possessing it, and can be exercised in but one place at the same time.

No postmaster or privileged person can leave his frank behind him upon envelopes to cover his correspondence in his absence.

If letters or papers be put into a post office bearing the frank of a privileged person who has not been in that vicinity for several days, the frank should be disregarded, and the letters rated up with postage by weight, and marked "*Due 3 or 6 cents*," as the case may be, according to weight, to be collected at the office of delivery. The frank cannot cover the correspondence of other persons.

For further instructions in regard to the franking privilege, and those entitled to exercise such privilege, see 18th chapter of the Standing Regulations, edition of 1859, until modified by further legislation. The Commissioner of Agriculture and his chief clerk now have the same privilege with other heads of bureaus.

Any postmaster placing his frank on a letter must not only write the word *free*, but must also sign his name in connexion with the word *free*; otherwise such franked letter must be rated up with the postage to be collected at the office of delivery. As a postmaster cannot frank newspapers or other printed matter, he must in all cases pay his postage thereon.

## CHAPTER III.

12. No allowance is made to postmasters for the delivery of free mail matter.—(See section 1, act 2d March, 1861, making appropriations for the fiscal year ending June 30, 1862.)

13. Under no circumstances can a postmaster open a letter not addressed to himself.

14. Exchange newspapers and periodicals cannot be remailed without being chargeable with postage.

15. The same person cannot act as a mail contractor or mail carrier and as postmaster or clerk in a post office, at the same time.

16. When newspapers or periodicals are not taken out of the post office by the persons to whom they are addressed, the postmaster will, under his frank, give immediate notice to the publisher, stating the cause thereof, if known.

17. Postmasters cannot deliver letters from their respective offices which may be addressed to and deliverable from other offices, except where the office has been discontinued, in which case the nearest postmaster opens and distributes such mail matter.

18. Copies of papers on the files of the department are not furnished on the application of individuals, except where a suit is commenced and pending, and on the certificate of counsel that such copy is material to be used in evidence in such suit; nor are papers allowed to be withdrawn from its files after action has been taken in the case to which they relate.

19. Letters enclosed in stamped envelopes may be carried out of the mail, provided such stamps are equal in value and amount to the rates of postage to which such letters would be liable if sent in the mail; and provided, also, that the envelopes are duly sealed, &c.—(See 8th section act 1852.)

20. A letter bearing a stamp cut or separated from a stamped envelope cannot be sent through the mail as a prepaid letter. Stamps so cut or separated from stamped envelopes lose their legal value. Stamped envelopes, as well as postage stamps on prepaid letters, should be cancelled immediately on the letters being placed in a post office.

21. When a letter is delivered, and the postage paid thereon, the postage should not be returned after the letter has been opened, except in cases where the postmaster is satisfied it has been opened by the wrong person through mistake; in which event the letter should be rescaled and a memorandum of the mistake made thereon in writing.

22. To enclose or conceal a letter, or other thing, (except bills and receipts for subscription to newspapers, &c.,) in, or to write or print anything after its publication upon any newspaper, pamphlet, magazine, or other printed mail matter, is illegal, and subjects such printed matter, and the entire package of which it is a part, to letter postage; and if done in order that the same may be carried by post free of postage, subjects the offender to a fine of five dollars for every such offence; and in such cases, if the person addressed refuse to pay such letter postage, the package should be returned to the postmaster from whose office it came, to prosecute the offender for the penalty. Printed slips or circulars stitched or pasted in with the body of periodicals or magazines with which they have no legitimate connexion are attempts to evade the law; and all such matter which does not form, and was not intended and originally printed to form, a regular part of the contents of any given number of a periodical or magazine and its cover, must be considered as extraneous matter, subjecting the whole copy with which it is thus sought to be incorporated to letter postage. All transient printed matter should be distinctly postmarked and prepaid at the mailing office, by postage stamps.

#### CHAPTER IV.

23. Postmasters, assistants, and clerks, regularly employed in post offices, are exempt from militia duty, and from serving on juries, but not from working on roads, nor from obeying a summons to appear in court as witnesses, or to testify before a grand jury. Justices of the peace, unless excluded by their own State laws, may serve also as postmasters.

24. Letters mailed in the cars can be prepaid only by using postage stamps or stamped envelopes; and when not thus prepaid, it is the duty of postmasters to treat all such letters as unpaid, although marked "Paid"—no route agent being permitted to receive prepayment in money.

25. The postmaster who collects the postage on newspapers, periodicals, magazines, &c., quarterly or yearly in advance, is entitled to the commissions on the same, although he may go out of office immediately thereafter, and the paper or periodical be delivered by his successor. Postmasters going out of office must leave with their successors a written statement of all printed matter on which postage has been prepaid for a quarter or a year, and must charge himself therewith in his account; also leave a transcript of his quarterly accounts as a record of office.

#### CHAPTER V.

26. The last clause (in italics) of Regulation No. 397 (edition of 1859) is repealed, and postmasters are prohibited from using the marking or rating stamps to cancel the postage stamps, it being found very imperfect; and a distinct canceller must be used.

27. The removal of the cancelling marks from a postage stamp once used, with intent to use the same again, or the buying or selling or using of such stamps, is a high offence, punishable by imprisonment in the penitentiary.—(Act July 16, 1862.) The use of a postal stamp cut from a stamped envelope is also a criminal offence.

## CHAPTER VI.

28. The attention of postmasters is especially called to their duty in regard to the registration of valuable letters, as provided in chapter 39 of the Standing Regulations, (edition of 1859.) Any neglect on their part may render them personally responsible for losses sustained by such neglect.

## CHAPTER VII.

*Changes of Site.*

29. A postmaster must not remove his office from the usual post road, or make any material change in the site, without first obtaining the consent of the department.

30. In making application for a new office, or for a change of site of an existing office, it should be distinctly stated whether the site of such office would be directly on the post road; as only in rare cases will it be allowed to establish or remove an office off the mail route.

## CHAPTER VIII.

*List of Distributing Offices on the 1st of October, 1862.*

| Office.            | State.                    | Office.             | State.          |
|--------------------|---------------------------|---------------------|-----------------|
| Boston.....        | Massachusetts.....        | Cleveland .....     | Ohio.....       |
| Portland .....     | Maine .....               | Toledo .....        | Ohio.....       |
| Hartford .....     | Connecticut.....          | Detroit .....       | Michigan.....   |
| New York .....     | New York.....             | Indianapolis.....   | Indiana.....    |
| Albany.....        | New York.....             | Cairo .....         | Illinois.....   |
| Buffalo .....      | New York.....             | Chicago .....       | Illinois.....   |
| Philadelphia ..... | Pennsylvania.....         | St. Joseph .....    | Missouri.....   |
| Pittsburg .....    | Pennsylvania.....         | St. Louis .....     | Missouri.....   |
| Baltimore .....    | Maryland .....            | Louisville.....     | Kentucky.....   |
| Washington.....    | District of Columbia..... | Dubuque .....       | Iowa.....       |
| Wheeling.....      | Virginia.....             | San Francisco ..... | California..... |
| Cincinnati .....   | Ohio .....                | Sacramento .....    | California..... |
| Columbus .....     | Ohio.....                 |                     |                 |

## CHAPTER IX.

*Post Roads, Mail Contracts and Bids.*

31. Post roads are: 1. Those roads of the country which are declared post roads by various acts of Congress. 2. All waters on which steamboats regularly pass from port to port. 3. The navigable canals of the several States for the time during which the mail may be carried thereon. 4. All railroads in the United States. 5. Those roads on which the Postmaster General causes the mail to be carried from the nearest post offices on legally declared post roads, to court-houses not otherwise provided with the mail. 6. All roads to special offices. 7. And such as are established by the Postmaster General as post routes under the tenth section of the act of March 3, 1851, in cities and towns where the postmasters are appointed by the President of the United States.

32. The Union is divided into four contract sections; a letting for one of these sections occurs every year, and contracts are made at such lettings for four consecutive years, commencing on the first day of July.

33. The sections and their current contract terms are :

1. Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, and New York ; current term to end 30th June, 1865.

2. New Jersey, Pennsylvania, Delaware, Maryland, and Ohio ; current term to end 30th June, 1864.

3. Virginia, North Carolina, South Carolina, Georgia, and Florida ; current term to end 30th June, 1863.

4. Michigan, Indiana, Illinois, Wisconsin, Iowa, Missouri, Kentucky, Tennessee, Alabama, Mississippi, Arkansas, Louisiana, Texas, California, Minnesota, Oregon, New Mexico, Utah, Washington, Nebraska, and Kansas ; current term to end 30th June, 1866.

34. The carriers on special routes, *viz:* those on which the mail pay is limited to the net proceeds of the offices supplied are not required to execute a contract. The quarterly settlements are made with them by the postmasters they supply. Postmasters of this class are not entitled to a supply by a public route also.

35. If a post office depend for its supply of the mail upon the postage it collects, and the net proceeds thereof fall short of the amount which the contractor or carrier may be authorized to receive, he will have no claim on the department for the deficiency. If, however, the proceeds of the office supplied, for a portion of the term, fall short of the sum allowable to the carrier, and during another portion of that term exceed it, the excess, or so much thereof as may be necessary for that purpose, is to be applied to the payment of the deficiency.

36. During the existence of a term for supplying a special office, the postmaster can only pay according to instructions, and he must forward to the Auditor the receipt of the carrier for each payment immediately upon the close of the quarter.

37. After the expiration of a term, and until the Postmaster General has decided upon a new carrier, or upon the expediency of discontinuing the office, postmasters cannot make any payment unless expressly authorized to do so by the Postmaster General.

38. Contractors are required, in all cases, to carry the entire mail, and are not permitted to leave bags of newspapers and pamphlets on their routes; they must give due attention to the preservation of mail-bags, and must not allow them to be dragged about upon the pavement, or otherwise injured.

## CHAPTER X.

### *Of Schedule Changes.*

39. An application for the change of a schedule of departures and arrivals cannot be granted :

1. Without the assent of the postmasters at the ends of the route, excepting in case of manifest necessity.

2. Or, unless agreed to by the contractor, except in cases where the propriety of the change is clearly shown.

3. It cannot be granted if more running time is asked than is given in the contract schedules.

4. Or, if it breaks connexion with any other route.

5. Or, if it puts the mail on a wrong day for the newspapers circulated over the route.

6. Or, if it prevents or lessens any other special accommodation to the public.

7. Or, if it fails to show good reason for the change.

## 40.—DEAD LETTERS.

*Letters* refused, or which *cannot* be *delivered*, or cannot be *sent* through the mails, are considered dead, and must be forwarded to the Dead Letter Office immediately without advertising.

## ADVERTISING LETTERS.

*Rules* for advertising letters are to be found in Chapter XIII of Regulations of 1859, and especial attention is called to paragraphs Nos. 1, 2, 4, and 5, of section 181.

## RETURNING ADVERTISED LETTERS.

Dead letters must be returned to the Dead Letter Office, *without reference to the quarterly periods, and separate from the quarterly accounts.*

## LETTERS THAT CANNOT BE SENT, ETC.

Letters of the following description, with a list of the persons addressed, must be *separately* returned, as often as *once a week*, addressed to the "Third Assistant Postmaster General, Dead Letter Office, Washington, D. C.," and indorsed, "Letters with illegal stamps," "Not addressed," &c.:

- a. Letters attempted to be sent with stamps previously used, or stamps cut from stamped envelopes.
- b. Unpaid letters for foreign countries, on which prepayment is required by the Regulations.
- c. Letters *not addressed*, or so badly addressed that their destination cannot be known.
- d. Letters *misdirected* to places where there are no post offices.
- e. *Refused* letters and such as *cannot be delivered*, (as when the parties addressed are known to be deceased or moved away.)
- f. "Drop letters" *not prepaid*, as required by section 14 of act of February 27, 1861.

## TRANSMISSION OF POSTAGE STAMPS AND STAMPED ENVELOPES BY MAIL.

For greater security in the transmission of postage stamps and stamped envelopes, and to facilitate the tracing of them when they fail to reach their destination in due course of mail, it is required that *in each distributing and separating office* a record shall be kept of all packages of stamps and boxes of stamped envelopes passing through to other offices, and of the pouches in which they were sent. The record is to be kept in the following form :

| Date. | Registered No. | Name of post office. | State. | Packages of stamps. | Boxes of envelopes. | Pouch sent by. | Remarks. |
|-------|----------------|----------------------|--------|---------------------|---------------------|----------------|----------|
|       |                |                      |        |                     |                     |                |          |

This arrangement of keeping a special record of the stamps and stamped envelopes is not intended to supersede at distributing offices the present system of registration, as prescribed in chapter 38 of the Post Office Regulations of 1859, entitled "Registration of Letters," but is additional thereto. The boxes and packages are to be registered and treated precisely as if they were registered letters.

## ABREVIATION OF STATES.

---

|            |                |             |             |             |                 |
|------------|----------------|-------------|-------------|-------------|-----------------|
| Me .....   | Maine.         | Wis .....   | Wisconsin.  | Md .....    | Maryland.       |

---

## EXPLANATIONS.

---

Offices having a (\*) prefixed, denote that the postmasters are appointed by the President of the United States.

Those printed in small capital letters, designate the capitals of the States and Territories.

Those printed in italics, with a small *c. h.* in brackets, indicate the county seats.

Those with a large C. H. form a part of the name of the office, and also indicate the county seats.

EXTRACTS  
FROM  
POSTAL LAWS OF THE SESSION OF 1860-'61,  
WITH  
INSTRUCTIONS TO POSTMASTERS.

---

NEW RATES OF POSTAGE UNDER AN ACT ESTABLISHING CERTAIN  
POST ROUTES, APPROVED FEBRUARY 27, 1861.

*"Sec. 9. And be it further enacted,* That every letter or packet brought into the United States, or carried from one port therein to another in any private ship or vessel, shall be charged with five cents, if delivered at the post office where the same shall arrive; and if destined to be conveyed by post to any place, with two cents added to the ordinary rates of postage: *Provided*, That upon all letters or packets conveyed in whole or in part by steamers or steamships over any route upon which, or between ports or places between which, the mail is regularly conveyed in other vessels under contract with the Post Office Department, the same charge shall be levied, with the addition of two cents a letter or packet, as would have been levied if such letter or packet had been transmitted regularly through the mail.

*"Sec. 10. And be it further enacted,* That all acts or parts of acts inconsistent with the provisions of the preceding section of this act be, and the same are hereby, repealed."

(1.) Under this law, ship and steamboat letters, as described in section 164 of the standing Regulations of the department, shall be charged with five cents, if delivered at the post office where the same shall arrive, (instead of six cents, as formerly;) if destined to be conveyed by post from such office, two cents in addition to the ordinary rates of inland postage. For instance, a ship letter arriving at New York, or San Francisco, for any place in the interior, and not over 3,000 miles, nor beyond the Rocky mountains, will be charged five cents; and if over 3,000 miles, or beyond the Rocky mountains, twelve cents.

The existing regulation (168) is repealed. The proviso

as to letters or packets conveyed, in whole or in part, by steamers or steamships over any route on which the mail is conveyed in other vessels under contract with the Post Office Department, must be carefully observed; so that in such cases the rates by private vessels shall not be lower than by those regularly conveying mails.

*"SEC. 11. And be it further enacted,* That it shall be lawful for persons known as regular dealers in newspapers and periodicals to receive by mail such quantities of either as they may require, and to pay the postage thereon as they may be received, at the same rates as regular subscribers to such publications: *Provided*, That the Postmaster General be authorized to establish a daily or semi daily delivery of letters and newspapers by carriers, throughout a circuit of nine miles from the City Hall, in the city of New York, under the supervision of the postmaster of New York, whenever, in his judgment, the revenue from such service shall defray the expense thereof."

(2.) The effect of this law is to entitle regular dealers in newspapers and periodicals to the same abatement of the rates of postage (without paying quarterly or yearly in advance, but upon the receipt of their packages) as is now made for regular subscribers, under section 117 of the standing Regulations.

*"SEC. 12. And be it further enacted,* That maps, engravings, lithographs, or photographic prints, on rollers or in paper covers, books, bound or unbound, phonographic paper, and letter envelopes, shall be deemed mailable matter, and charged with postage by *the weight of the package*, not in any case to exceed four pounds, at the rate of one cent an ounce or fraction of an ounce to any place in the United States under fifteen hundred miles, and at the rate of two cents an ounce or fraction of an ounce over fifteen hundred miles, to be prepaid by postage stamps.

*"SEC. 13. And be it further enacted,* That cards, blank or printed, blanks in packages weighing at least eight ounces, and seeds or cuttings in packages not exceeding eight ounces in weight, shall also be deemed mailable matter, and charged with postage at the rate of one cent an ounce or fraction of an ounce to any place in the United States under fifteen hundred miles, and at the rate of two cents an ounce or fraction of an ounce over fifteen hundred miles, to be prepaid by postage stamps."

(3.) These sections explain themselves. Section 12 adds to the articles heretofore enumerated as mailable matter the following, viz: Maps, engravings, lithographs, or photographic prints, on rollers or in paper covers, phonographic paper, and letter envelopes. Postage is chargeable by the weight of the package, not to exceed four pounds, at one cent an ounce or fraction of an ounce to any place in the United States under fifteen hundred miles, and two cents

an ounce or fraction of an ounce over fifteen hundred miles, to be prepaid by postage stamps.

Books, bound or unbound, are embraced in this section, (changing the former laws and section 134 of the Regulations, which fixed 3,000 miles as the limit within which one cent an ounce is chargeable.)

(4.) Section 13 provides that cards, either blank or printed, and blanks in packages, weighing *not less than eight ounces*, and packages of seeds or cuttings, not more than eight ounces in weight, shall be charged with postage at the rate of one cent an ounce or fraction of ~~an~~ ounce to any place in the United States under fifteen hundred miles, and at the rate of two cents an ounce or fraction of an ounce over fifteen hundred miles, to be prepaid by stamps.

All packages referred to in sections 12 and 13 must be plainly marked, showing their contents, and (excepting those containing seeds) so packed that their true character may be *seen*. Cuttings must be so secured as not to endanger other packages contained in the same mails. No written or printed matter, except the address and description of the contents, can accompany packages of seeds or cuttings without separate postage thereon; and to guard against attempted fraud in this respect, postmasters shall exercise the privilege of opening and examining packages of seeds and cuttings, as provided by section 139 of the Regulations in reference to all printed matter.

"SEC. 14. *And be it further enacted*, That the act of third March, eighteen hundred and fifty-five, entitled "An act further to amend the act entitled 'An act to reduce and modify the rates of postage in the United States, and for other purposes,'" passed March third, eighteen hundred and fifty-one, be, and the same is hereby, so modified as to require the ten-cent rate of postage to be prepaid on letters conveyed in the mail from any point in the United States east of the Rocky mountains to any State or Territory on the Pacific, and from any State or Territory on the Pacific to any point in the United States east of the Rocky mountains. And all drop letters shall be prepaid by postage stamps."

(5.) This is an important law, affecting especially the rates of postage between the Atlantic and Pacific States and Territories. No letter can now be sent for less than ten cents, prepaid by stamp, whatever the distance, from any point

in the United States east of the Rocky mountains to any State or Territory on the Pacific, or from any State or Territory on the Pacific to any point in the United States east of the Rocky mountains. Heretofore the rate was three cents within the distance of three thousand miles. This provision is now repealed so far as letters between points east and west of the Rocky mountains are concerned.

(6.) Section 14 also makes the prepayment of drop letters, by postage stamps, compulsory.

Further changes are made by an act making appropriations for the service of the Post Office Department during the fiscal year ending June 30, 1862, approved March 2, 1861.

(7.) Section 1 provides that no compensation shall be paid to postmasters after June 30, 1861, for the delivery of free letters or papers to their recipients, except to the postmaster at Washington city. Therefore sections 309 and 312 of the standing Regulations of the department are repealed.

(8.) Section 2 repeals the law under which dead letters are now opened and disposed of in San Francisco, California, and provides that they shall be sent for that purpose to the department at Washington.

(9.) Section 4 prohibits any one, other than the Postmaster General or his authorized agent, to set up any foot or horse post for the conveyance of letters or packets upon post routes which have been or may hereafter be established in any town or city by the Postmaster General.

(10.) Section 9 requires the contractors for mails between St. Joseph, Missouri, and Placerville, California, in addition to the daily overland mail, to run a pony express semi-weekly at a schedule time of ten days during eight months of the year, and of twelve days during four months of the year. They are also to carry for the government on this line, free of charge, five pounds of mail matter, with the liberty of charging the public, (beyond the regular rate of

postage, to be prepaid,) for transportation of letters by said express, any sum not exceeding one dollar per half ounce.

Postmasters will therefore take notice that letters prepaid at the ten-cent rate, at any point east of the Rocky mountains, and marked to go by the pony express, must be mailed to St. Joseph; and those on the Pacific, similarly prepaid and marked, must be mailed to Placerville.

But no letter shall be forwarded by the pony express from the post offices at St. Joseph and Placerville, or from any point between the same, except (1) government mail matter, and (2) such other letters as shall bear, in addition to the prepaid United States postage, the proper authorized mark of the contractors, showing the prepayment of such sum (not exceeding one dollar per half ounce) as they shall require under said section of the law.

Such payment to the contractors is not within the duties of postmasters. Their whole duty is to see that the United States postage is in all such cases prepaid, and that no other than government letters are sent by the pony express, except they also bear the contractors' authorized mark of their own prepaid charge.

Unless the contractors' charge is thus shown to be prepaid, all such letters, although marked "*per pony express*," will be forwarded by the regular daily overland mail.

Postmasters at St. Joseph and at Placerville are instructed to deliver to the agent of the pony express, at their respective offices, all prepaid packages directed to such agent; but such packages cannot be remailed without additional postage, at the regular rate, to be prepaid at the point of remailing.

All packages marked "*per pony express*," and prepaid as aforesaid, but not thus directed for delivery "to the agent of the pony express at —," will be forwarded in the express mail pouch, under lock, between St. Joseph and Placerville, and thence forwarded by regular mail.

But the postmasters at Placerville and St. Joseph will

deliver to the agent of the contractors at those points a way-bill showing the contents of each pouch sent by pony express mail from their respective offices; blanks for which will be furnished by the contractors, to be filled up by the postmasters, and to serve the contractors as checks on its contents.

#### POSTAGE STAMPS AND ENVELOPES.

*Act of Congress establishing certain post routes, approved February 27, 1861.*

"**SEC. 2.** *And be it further enacted,* That the Postmaster General shall be, and he is hereby, authorized to procure and furnish letter sheets with postage stamps impressed thereon, (combining in one both a sheet and envelope,) and to adopt such other improvements as may be deemed advisable, from time to time, in connexion with postage stamps or stamped envelopes for letters or newspapers, subject to the provision that such stamps or envelopes shall be sold at the cost of procuring and furnishing the same, as near as may be, and to all other provisions of the eighth section of an act of Congress entitled 'An act to establish certain post roads, and for other purposes,' approved August 31, 1852."

(11.) The department is not yet prepared to furnish stamped letter sheets or newspaper envelopes. Letter envelopes, official size, of larger denominations than any now in use, are expected soon to be issued.

"**SEC. 3.** *And be it further enacted,* That the penalty of fifty dollars provided by section 8 of an act of Congress entitled 'An act to establish certain post roads, and for other purposes,' approved March 3, 1853, shall apply as well to the using of a stamp cut from a stamped letter or newspaper envelope entire."

(12.) This section imposes the same penalty for using a stamp cut from a stamped envelope as that which now attaches, under the acts of March 3, 1851, and March 3, 1853, to using a second time an ordinary postage stamp or stamped envelope.—(*See sections 147 and 151 of the Postal Laws for the use of postmasters.*) Sections 405 and 406 of the Regulations are therefore so changed as to embrace stamps cut from stamped envelopes.

#### DEAD LETTERS.

"**SEC. 6.** *And be it further enacted,* That letters which have been advertised under existing laws (*vide* section 26, act of March 3, 1825, and section 5, act of March 3, 1851) shall be returned to the Post Office Department as dead

letters if unclaimed two months after the date of the advertisement : *Provided*, That letters at seaports intended for persons on board of certain designated vessels expected to arrive, and letters specially marked to be retained a longer period, shall be excepted from the operation of this act : *And provided, further*, That said letters shall be returned, under regulations to be prescribed by the Postmaster General."

(13.) This new law now requires that all letters remaining unclaimed two months after the date of their advertisement shall be returned to the Dead Letter Office. Heretofore they have been retained in post offices three months or longer, and generally sent to this department at the end of each quarter with the quarterly returns.

In this respect the new law makes a radical change; requiring the return of dead letters without reference to the quarterly periods, and separate from the quarterly returns.

The law of March 3, 1851, requires that lists of letters remaining uncalled for shall be published once in every six weeks, and as much oftener, not exceeding once a week, as the Postmaster General may specially direct.—(See section 56 of *Postal Laws*.)

(14.) Section 181 (chap. xiii) of the Regulations requires post offices to advertise letters as follows:

1. Once in six weeks when the gross receipts do not exceed \$500 per quarter.
2. Once a month when the receipts are over \$500, and not over \$1,000 per quarter.
3. Twice a month when the receipts are over \$1,000, and not over \$7,500 per quarter.
4. Once a week when the receipts exceed \$7,500 per quarter.

(15.) Returning unclaimed letters regularly two months after the date of each advertisement, it follows that offices of the first class above named must make such returns every six weeks;

Those of the second class, every month;

Those of the third class, twice a month;

Those of the fourth class, every week.

Under this arrangement each office of the first or smaller

class will regularly, once in every six weeks, make up a package of the letters, foreign and domestic, which have been advertised and remained unclaimed for two months, with a *bill* showing the number and their rates as now required; plainly post-mark such package, and direct it to "*Dead Letter Office, Washington city, D. C.*;" and in order to promote its security, the package should be placed under another envelope or cover, directed to the distributing office through which it must first pass on the proper route to Washington city, D. C.

At offices of the second class, making *monthly* returns, when there are two or more packages of dead letters, they must first be securely enveloped and tied, and then compacted under a canvas or strong muslin cover, carefully stitched, so as to form one single package, which must be plainly post-marked, indorsed "**MONTHLY RETURN,**" and directed to "*Dead Letter Office, Washington city, D. C.*"

At the larger offices, embraced in classes three and four, returning *twice a month* and *weekly*, particular care is to be taken to number consecutively the several packages of letters, beginning with No. 1, and to place the bill in the highest numbered package, marking the same "*Bill*," and also to mark on the outside of each package the description of letters contained therein.

The weekly returns must, in all cases, be made in separate locked pouches, with wooden or leather labels, marked "**WEEKLY RETURNS** from—(name of office and date of mailing,") plainly directed "*Dead Letter Office, Washington city, D. C.*"

The semi-monthly returns must be similarly bagged, unless the several packages of letters can be compacted under a strong canvas or muslin cover, properly stitched, and sealed with wax, making *one bundle*, and plainly marked "**SEMI-MONTHLY RETURNS.**" It is of the first importance to guard against the separation of the several packages belonging to the same return.

In making up the regular return of dead letters every two months after advertising, the domestic letters, the foreign letters, and registered letters, must each be put up in separate packages, and the contents of each package plainly marked outside, (the package of registered letters must be sealed, and the bill accompanying it must give the register number and address of each letter,) and the whole then be securely put up in *one bundle* or locked pouch.

Every dead letter must bear on the sealed side *the postmark or stamp* of the office by which it is returned, and *the date of its return* to the department.

Upon each dead letter returned to the department (whether advertised or not) should be plainly written or stamped *the reason for its non-delivery*, say "not called for," "person addressed deceased," or "moved away," or "held for postage," or "short paid," or "misdirected," or as the case may be.

(16.) Section 102 of the Regulations requiring notice to be given of unpaid letters is repealed, except so far as concerns letters in cities wanting the carrier's fee. Postmasters will therefore return to the Dead Letter Office, *at least once a week, all letters held for postage*, or attempted to be sent with stamps previously used, or stamps cut from stamped envelopes, and unpaid letters *for* foreign countries on which prepayment is required; and also send with same return all letters not addressed or so badly directed that their destination cannot be ascertained, and those that are misdirected; and also such as are refused or cannot be delivered. Each letter must bear, plainly written or stamped on its face, *the reason why it is returned*; and each must bear, on the sealed side, the postmark of the office by which it is returned, and the date of its return. Each description of letters should be put up in a separate envelope or parcel, and the whole then securely put up in a strong wrapper of paper, (or in a locked pouch from the larger offices,) and directed to "*Third Assistant Postmaster Gen-*

eral, *Dead Letter Office, Washington city, D. C.*," postmarked and labeled "Letters held for postage, &c." No other matter should be sent with this return.

Sections 185, 186, 187, 188, and 189 of the printed Regulations are no longer to be regarded.

QUARTERLY ACCOUNTS will be rendered as heretofore, but unaccompanied by the dead letters.

There must be carefully attached to each account current at the end of the quarter a proper dead-letter bill, showing the whole number of dead letters returned during the quarter. This bill is to be prepared from the duplicates, which postmasters must keep, of the bills sent during the quarter to the Dead Letter Office.

The originals sent with the letters will be carefully examined and errors noted, but no allowance can be made in the quarterly settlement unless the account current be accompanied by a proper dead-letter bill.

Postmasters at seaports will be careful to observe the provisions of the new law respecting letters for persons on board of designated vessels expected to arrive.

All postmasters will regard special directions which may appear on letters to retain them a specified time.

(17.) Particular attention is again called to the law of 1860 requiring "that when any person shall indorse on any letter his or her name and place of residence, as writer thereof, the same, after remaining uncalled for at the office to which it is directed thirty days, or the time the writer may direct, shall be returned by mail to said writer; and no such letter shall be advertised, nor shall the same be treated as dead letters until so returned to the post office of the writer and there remain, uncalled for, two months."

Under this law postmasters will observe the following regulations:

A letter on which the writer has *indorsed* his or her name and place of residence, *without* direction as to time of re-

maining uncalled for, must be returned by mail to such writer after the expiration of thirty days.

When, in addition to the name and residence of the writer, the *time* for holding the letter (whether more or less than thirty days) is specified, such time must be observed.

A business card *printed* on a letter is not to be regarded, unless it embraces a request for the return of the letter to the writer, if uncalled for.

The date of receiving such letters must be carefully written or stamped on them, and also the dates when remailed to the writers.

A regular account must be kept of letters returned, showing the name and address of the writer, to whom sent, the date of remailing, and the name of the person to whom originally addressed, with the periods during which they remained uncalled for. A similar account should be kept of "*returned letters*" RECEIVED. In making up mails the *number* of such letters sent should be specially noted on post bills.

Send copies of the account to the Third Assistant Postmaster General at the end of each quarter.

When such letters are remailed to the writer, the words "*returned to the writer*" should be plainly written or stamped across the face of each.

Such letters are not to be advertised, either at the office to which originally addressed or at the one to which returned.

Under the regulation of July 23, 1860, no additional postage was chargeable for returning to the writer this class of letters; but as the law now requires postage on letters sent from the Dead Letter Office, postmasters will also charge the usual rates on the returned letters here alluded to, as in the case of forwarding under section 64 of the book of Regulations, to be paid by the writer on return delivery.

The eighth section of the act of 27th February, 1861, directs "that upon all letters returned from the Dead Letter

Office there shall be charged the usual rates of postage, to be collected on delivery and accounted for by postmasters in the same manner as other postages."

(18.) Agreeably to this law, postmasters must collect postage on all letters sent to them from the Dead Letter Office for delivery. The amount will be given in the circular accompanying the letter, or marked upon the letter, and postmasters will be held accountable for the same.

Postmasters are required by law and the instructions of this department to keep their respective offices open during the usual business hours of the place; and it is their duty always to make proper search when a letter is applied for, and generally to manifest an accommodating disposition towards the public. Neglect of these duties, or either of them, must often prevent the delivery of letters and cause them to be sent to the Dead Letter Office.

It is apprehended that if letters are at once removed from the general delivery boxes on being advertised, especially in cities, it will often prevent their delivery.

There may be various and good reasons why applicants omit to say whether their expected letters are advertised or not; and it is the duty of postmasters to see that proper search is made, both amongst the letters that are advertised and those that are not.

Postmasters are expected to give special attention to this matter, and not consider their duty to this department and the public fulfilled without the most careful attention to the delivery of letters, whatever additional labor may be involved, as this comprises a summary of all other duties.

## RECAPITULATION.

[The several paragraphs are numbered for convenient reference to the foregoing full instructions, which have corresponding numbers.]

### *Rates of postage.*

1. Charge on letters conveyed by private ships or vessels five cents, (instead of six, as heretofore,) if delivered at the post office where the same shall arrive. If forwarded by mail, two cents in addition to the domestic rates to which it would be subject if originating at such offices.
2. Regular dealers in newspapers and periodicals to pay postage by the package on newspapers and periodicals at the same rate as if paid quarterly or yearly in advance.
3. Maps, engravings, lithographs, or photographic prints, on rollers or in paper covers, books, bound or unbound, phonographic paper, and letter envelopes, in packages not exceeding in any case four pounds, one cent an ounce or fraction of an ounce to any place in the United States under fifteen hundred miles, and at the rate of two cents an ounce or fraction of an ounce over fifteen hundred miles, prepaid by postage stamps.
4. Same rates on cards, either blank or printed, and blanks in packages weighing at least eight ounces, and seeds or cuttings in packages not exceeding eight ounces.
5. Ten cents chargeable on each single letter from points in the United States east of the Rocky mountains to any State or Territory on the Pacific, and from the Pacific to points east of the Rocky mountains in the United States.
6. All drop letters must be prepaid by postage stamps.
7. No allowance in future to postmasters for delivering free letters or newspapers.
8. All dead letters for California, Oregon, and Washington to be returned to Washington city, under the general regulations herein prescribed.
9. No private post, horse or foot, to be established on any streets, lanes or alleys declared by the Postmaster General to be post roads in any city or town.

### *Pony express.*

10. In connexion with a daily overland mail (from and after 1st of July next) between St. Joseph, Missouri, and

San Francisco, California, there will be a semi-weekly "*pony express mail*," which will convey letters prepaid at the ten-cent rate of postage, provided they are also properly marked so as to show the payment of the extra charge of *one dollar per half ounce* allowed by law to the contractor, (see foregoing particular instructions.)

*Postage stamps and envelopes.*

11. Letter sheets embossed with postage stamps are authorized to be issued, (combining in one both a sheet and envelope;) also stamped wrappers for newspapers.

12. The use of a stamp cut from a stamped envelope finable with fifty dollars, as well as the re-use of an ordinary postage stamp.

*Dead letters.*

13. Letters which have been advertised and remained unclaimed two months are to be returned to the Dead Letter Office, excepting letters at seaports intended for persons on board certain designated vessels expected to arrive, and letters specially marked to be held a longer period.

14. Postmasters are specially directed to advertise letters according to the standing Regulations of the department, under section 181, chapter 13, and to return unclaimed letters regularly two months after the date of each advertisement.

15. Thus, offices of the smallest class will return every six weeks; those of the second class, once a month; those of the third class, twice a month; those of the fourth class, every week.

16. Letters of the following descriptions are excepted from these instructions, and must be separately returned to the Dead Letter Office from all offices at least as often as once a week, viz:

a. Letters held for postage, including "Drop Letters." — (Sec. 6.)

b. Letters attempted to be sent with stamps previously used, or stamps cut from stamped envelopes.

c. Unpaid letters for foreign countries on which prepayment is required by the regulations.

d. Letters not addressed, or so badly addressed that their destination cannot be known.

e. Letters misdirected (or directed to places where there are no post offices.)

f. Refused letters and such as cannot be delivered, (as when the parties addressed are known to be deceased or moved away.)

Sections 185, 186, 187, 180, 189, 309, and 312 of the standing Regulations are not hereafter to be regarded.

Section 134 is modified so as to limit the one-cent rate chargeable per ounce on books to distances under fifteen hundred miles, (instead of three thousand.)

17. Writers of letters can have them returned, if uncalled for within any given period, by indorsing such request with their address on the letters.

18. Postage is chargeable on all letters returned from the Dead Letter Office.

Postmasters will carefully observe the foregoing laws and instructions.

M. BLAIR,  
*Postmaster General.*

POST OFFICE DEPARTMENT, *May 1, 1861.*

A N A C T

TO

A M E N D T H E L A W S

RELATING TO

THE POST OFFICE DEPARTMENT,

APPROVED MARCH 3, 1863 :

TOGETHER WITH

INSTRUCTIONS PREDICATED THEREON

BY

THE POSTMASTER GENERAL,

FOR THE

GOVERNMENT OF POSTMASTERS.

---

WASHINGTON:

GOVERNMENT PRINTING OFFICE.

1863.

AN ACT TO AMEND THE LAWS  
RELATING TO  
THE POST OFFICE DEPARTMENT,

TOGETHER WITH

INSTRUCTIONS PREDICATED THEREON BY THE POSTMASTER GENERAL, FOR THE GOVERNMENT OF POSTMASTERS.

---

[PUBLIC—No. 50.]

AN ACT to amend the laws relating to the Post Office Department.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That the Postmaster General shall have power to appoint and commission all postmasters whose salary or compensation for the preceding fiscal year shall, at the time of such appointment, have been ascertained to be less than one thousand dollars per year; and in all other cases the President shall appoint. The person appointed postmaster shall reside within the delivery of the office to which he shall be appointed.

INSTRUCTION No. 1. The Auditor for the Post Office Department will report to the Appointment Office, as soon as practicable after the close of each fiscal year, any change in the annual compensation of a postmaster which would change the classification of the office from presidential or departmental, or *vice versa*. Its grade will be ascertained and entered accordingly in the books of the Appointment Office.

SEC. 2. *And be it further enacted,* That the Postmaster General, all postmasters, and special agents, and all persons employed in the General Post Office, or in the care, custody, or conveyance of the mail, hereafter appointed or employed, shall, previous to entering upon the duties assigned to them, or the execution of their trusts, and before they shall be entitled to receive any emoluments therefor, in addition to the oath of office prescribed by the act of July two, eighteen hundred and sixty-two, respectively take and subscribe the following oath or affirmation before some magistrate, and cause a certificate thereof to be filed in the General Post Office: "I, A. B., do swear (or affirm, as the case may be) that I will faithfully perform all the duties required of me, and abstain from everything forbidden by the laws in relation to the establishment of the post office and post roads within the United States; and that I will honestly and truly account for and pay over any moneys belonging to the said United States which may come into my possession or control; so help me God." Every person who shall be in any manner employed in the care, custody, conveyance, or management of the mail shall be subject to all pains, penalties, and forfeitures for violating the injunctions or neglecting the duties required of him by the laws relating to the establishment of the post office and post roads, whether such persons shall have taken the oath or affirmation above prescribed or not.

INSTRUCTION No. 2. This oath and that required by the act of July 2, 1862, may be combined in one affidavit.

SEC. 3. *And be it further enacted,* That no mail matter shall be delivered by the postmaster until the postage due thereon shall have been paid; and no box at any post office shall be assigned to the use of any person until the rent therefor has been paid for at least one quarter, for which the postmaster shall give a receipt, and keep a record thereof in his office, which record shall be delivered to his successor.

INSTRUCTION No. 3. This section absolutely prohibits the delivery of any letter, newspaper, pamphlet, or package whatever, until the postage charged thereon shall be paid. Postmasters must strictly conform to it. Printed matter must be retained until it is paid for, either as a transient package or for a quarter, as provided in sections 18 and 35.

Each postmaster must keep a list of all box-holders, with the number of the box assigned to each, and the time during which he has used it. This list will be examined by special agents, and be delivered to his successor in office. The postmaster must state in his quarterly returns the amount of box-rents accrued in each quarter, whether he has collected them or not.

SEC. 4. *And be it further enacted,* That every postmaster shall keep a record in his office of all postage stamps and envelopes, and of all postal books, blanks, or property received from his predecessor in office or from the Post Office Department, or from any of its agents, and also of all payments in money for postages, and all payments for box-rents, and of all other receipts on account of any part of the postal service, and of any other transactions which shall be required by the Postmaster General; and these records shall be preserved and delivered over to his successor in office, and shall be at all times subject to examination of any special agent of the department.

INSTRUCTION No. 4. The record required in this section may be in the form of an account against the postmaster, in which he will charge himself with the articles as received, under the date when received, or it may be kept as a simple record of each day's transactions. Payments for postages made in money may be entered daily, showing the entire amount received in any one day. The entry should, if possible, show separately the amount received for letter postages, for regular newspapers, &c., &c., and miscellaneous. The entry of money received for box-rents should show the number of the box for which the payment was made.

**NOTE.**—By the act of July 16, 1862, it is made a felony on the part of any person to remove or cause to be removed from any postage stamp or stamped envelope the cancelling or defacing marks thereon, with intent to use or cause the use of the same a second time, or to buy, sell, or offer for sale such washed or restored stamps. The penalty prescribed for such offence is imprisonment for not exceeding three years, or fine not exceeding one thousand dollars, or both imprisonment and fine.

When stamps or stamped envelopes are sent to a postmaster, any discrepancy between the amount stated in the bill accompanying and that actually received must be reported *immediately* to the Third Assistant Postmaster General, with the affidavits specified in section 404 of the regulations of 1859.

*Postmasters are especially requested, in all cases, to count their stamps before signing and returning the receipt therefor.*

Credit will not be allowed in cases where offices have been robbed of stamps or stamped envelopes. In an opinion of a former Attorney General the following occurs: "If the stamps should be stolen or lost, and get into the hands of those who may use them, and thus deprive the government of so much revenue, the postmaster should be held for them. One who has the custody of public money or property, and is paid for taking care of it, cannot get rid of his responsibility by showing a theft or accidental loss. He is an insurer of its safety against all perils of that kind."

Postage stamps affixed to letters, packets, or parcels of any description, and all stamped envelopes, must be immediately and effectually cancelled in the office in which they may be deposited for transmission or delivery. The cancellation should be effected by the use of black printing ink, wherever that material can be obtained; and where it cannot, the operation should be performed by making several heavy crosses or parallel lines upon each stamp with a pen dipped in good black writing ink.

If the cancelling has been omitted or made incompletely on the mailing of the letter, packet, or parcel, the postmaster at the office of delivery will cancel the stamp in the manner directed, and forthwith report the delinquent postmaster to the First Assistant Postmaster General.

The use of the office dating or postmarking stamp as a cancelling instrument is prohibited, and a separate instrument must in all cases be used.

**Sec. 5. And be it further enacted,** That whenever, by reason of the presence of a military or naval force near any post office, unusual business accrues therat, the Postmaster General is hereby required to make a special order allowing proportionately reasonable compensation to the postmaster, and for clerical service, during the period of such extraordinary business.

**INSTRUCTION No. 5.** Any application for allowance under this section must show how much extra service was required by reason of the presence of such force, the magnitude of the force, how long present **THERE**, the increase of the business resulting therefrom, and any other facts which may be called for by the department.

**Sec. 6. And be it further enacted,** That it shall be the duty of postmasters to render a quarter-yearly account to the Postmaster General, under oath, in such form as the latter shall prescribe, of all emoluments or sums by them respectively received for boxes or pigeon holes, or other receptacles for letters or papers, and by them charged for to individuals;

or for the delivery of letters or papers at or from any place whatever; and of all emoluments, receipts, and profits that have come to their hands by reason of keeping branch post offices; and no postmaster shall hereafter, under any pretence whatever, have or receive or retain for himself, in the aggregate, more than the amount of his salary. And the Postmaster General is further authorized to require, by a form to be prepared by him, a sworn statement to accompany or following the quarterly account of any or all postmasters to the effect that such postmaster has in such account truly stated the entire amount of postages, box-rents, and all other charges and emoluments collected or received by him at his office during such quarter; and that he has not knowingly delivered, or permitted to be delivered, to any person any mail matter on which the postage had not been paid at the time of delivery; and that such quarterly accounts exhibit truly and faithfully the entire receipts of his office which have been collected thereat, and the entire sum which could have been by due diligence collected thereat, as he verily believes, and that the credits he claims are just and true, as he verily believes; and any false swearing therein shall render him liable to the pains and penalties of perjury.

**INSTRUCTION No. 6.** The form of the account which postmasters are required to render of all emoluments received by them from box-rents, branch offices and otherwise, together with the form of the accompanying affidavit, will be found in Chapter XXIII, Sections 275 and 276, of the Regulations of 1859.

Postmasters will observe that, by the present law, they are moreover required to forward, with their quarterly accounts, a sworn statement that such quarterly accounts exhibit truly and faithfully the entire receipts collected at their respective offices, and the entire sum which could have been by due diligence collected thereat, and that the credits claimed are just and true, as they verily believe. The following is a form for such statement:

I, \_\_\_\_\_, postmaster of \_\_\_\_\_, do swear [or affirm, as the case may be] that the accounts which I have rendered to the Post Office Department for the quarter ended \_\_\_\_\_ 18\_\_\_\_\_, exhibit truly and faithfully the entire receipts of my office which have been collected thereat, and the entire sum which could have been, by due diligence, collected thereat, during the period above stated, and that the credits claimed in the said accounts are just and true, as I verily believe; and furthermore, that during the said period I have not knowingly delivered or permitted to be delivered to any person any mail matter on which the postage had not been paid at the time of such delivery.

\_\_\_\_\_, Postmaster.

Sworn and subscribed before the undersigned [a magistrate or justice of the peace] for the \_\_\_\_\_ of \_\_\_\_\_, this \_\_\_\_\_ day of \_\_\_\_\_, A.D. 18\_\_\_\_\_.

No change whatever in the compensation of postmasters is made by the following clause of Section 6 of the new law, viz: "And no postmaster shall hereafter, under any pretence whatever, have or receive, or retain for himself, in the aggregate, more than the amount of his salary." By the term "salary," here used, is to be understood the entire compensation which each postmaster receives from his commissions, emoluments and allowances, as established by previous enactments.

**Sec. 7. And be it further enacted,** That the Postmaster General is hereby authorized to regulate the periods during which undelivered letters shall remain in any post office, and the times such letters shall be returned to the dead letter office, and to make regulations for their return to the writers from the Dead Letter Office, when he is satisfied they cannot be delivered to the parties addressed. He is authorized also to order the publication of the list of non-delivered letters at any post office, in his discretion, by writing, posted in a public place or places, or in any daily or weekly newspaper

published within the post office delivery having the largest circulation within such delivery ; and where no daily paper is published within the post office delivery, such list may be published in any daily newspaper of an adjoining delivery having the largest circulation within the delivery of the post office publishing [the] list ; but in no case shall compensation for such publication be allowed at a rate exceeding one cent for each letter so advertised ; and no such publication shall be required except where the Postmaster General shall decide that the public interest requires it : *Provided*, That letters addressed to parties foreign born may be published in a journal of the language most used by the parties addressed, if such be published in the same, or an adjoining delivery.

#### INSTRUCTION No. 7.—I. ADVERTISING LETTERS.

1. At post offices where the *gross receipts* amount to \$1,000 or more *per annum*, letters are to be advertised *once a week*, in newspapers, and the regulations of 1859 will govern the selection of newspapers.

2. At all other offices letters are to be advertised *once a month*, by posting manuscript lists, for which no compensation will be allowed.

The following classes of letters are not to be advertised:

1. Letters bearing requests to be returned to the writers if unclaimed, under sec. 28, or to be retained a specified time, not over three months ; and it is especially directed that all printing, stamping, &c., upon undelivered letters shall be carefully re-examined before advertising, so that no such request shall be overlooked or neglected.

2. Letters for persons who regularly call at or send to the post office.

3. Drop and box letters, and return letters.

4. Letters directed and sent to hotels, and thence returned to the post office as unclaimed—being for strangers.

5. Refused letters.

6. Letters directed to persons deceased or removed to places unknown.

7. Letters directed to persons who have removed to some other known office.—(See sec. 30.)

8. Circulars, free packets containing printed documents, speeches, and other printed matter.

**II. DEAD LETTERS.**—Radical changes having been made in the regulations of 1859, relative to dead letters, a thorough revision is necessary, to obviate confusion.

**TIME TO RETURN.**—Dead letters are to be returned under the following regulations :

1. All unclaimed advertised letters must be returned to the Dead Letter Office **ONE MONTH** after the date of their advertisement ; and letters of classes 2 and 3 “*not to be advertised*,” and any others if *not prepaid*, when unclaimed a corresponding length of time with the advertised letters, must be sent in the same return—also all refused letters ; but no description of dead letters must, under any circumstances whatever, be sent in the same package with a “*Quarterly Return*.”

2. All offices advertising *weekly*, will return their unclaimed letters to the Dead Letter Office *weekly*, and *about five weeks* after their receipt ; and

3. All smaller offices, at which the periods for advertising are *monthly*, will advertise on the first of each calendar month, and return their unclaimed letters at the beginning of the next calendar month, thus :

a. Letters received in January, if not claimed, must be advertised February 1, and returned to the Dead Letter Office March 1.

b. Letters received in February, if not claimed, must be ad-

vertised March 1, and returned to the Dead Letter Office April 1.

c. Letters received in March, if not claimed, must be advertised April 1, and returned to the Dead Letter Office May 1, &c.

To the above there are the following exceptions :

1. Letters at seaports, intended for persons on board of certain designated vessels expected to arrive, should be duly regarded by postmasters and excepted from the regular returns ; also,

2. Letters bearing *requests* for their return to the writers if unclaimed, under Sec. 28.

3. Letters bearing requests to be retained a specified time.

4. When a postmaster has *special* reason to believe any letter can be delivered to the person addressed by holding it more than one month, he may write or stamp upon such letter the words, “*Speculally held for delivery*,” and hold it not exceeding three months from the date of its receipt at his office.

5. REGISTERED letters *unclaimed one month* after advertisement or due notification must be securely packed up with a registry bill and return bill, each showing the registered number and the address of each letter ; this package must be sealed, postmarked, indorsed “*Dead Registered Letters*,” directed to the “*Third Assistant Postmaster General*,” and then registered to the “*Postmaster, Washington City, D. C.*,” the return bill following by the next mail. *No registry fee is to be charged upon any official business.*

6. Any OFFICIAL letter from this department, or from *any other department or public office* at the seat of government, when not called for within *one month* from the time of its receipt, or when the person addressed is known to be dead, or to have moved away, must be returned *direct* to the department or public office in which it originated, and should never be treated as a dead letter.

7. UNMAILABLE letters of the following descriptions must be returned to the Dead Letter Office as often as *once a week*, *separate* from the regular weekly and monthly returns, and accompanied by a *list of the persons addressed* instead of a bill ; the package must be plainly marked outside, “*Unmailable Letters*,” &c., postmarked, and directed to the “*Third Assistant Postmaster General, Dead Letter Office*.”

a. Letters attempted to be sent with stamps previously used, or stamps cut from stamped envelopes.

b. Unpaid letters for foreign countries, on which *prepayment is required* by the regulations.

c. Letters not addressed, or so badly addressed that their destination cannot be known.

d. Letters misdirected to places where there are no post offices.

e. Letters intentionally unpaid.—(See section 27.)

8. Prepaid letters of classes 4 and 6, “*not to be advertised*,” are to be returned with the *unavailable* letters, and treated like them.

9. Domestic pamphlets, circulars, and newspapers are *not to be returned* to the Dead Letter Office ; but books, and unpaid foreign pamphlets, newspapers, and other printed matter, when refused, or unclaimed the usual time, (5 to 8 weeks,) must be returned with the regular weekly or monthly returns.

10. MARKING DEAD LETTERS.—Upon *every letter returned* to the Dead Letter Office, whether domestic or foreign, two marks must be legibly written or stamped, viz :

a. The *postmark* of the office from which it is returned, in-

cluding the abbreviated *name of State* and the *date of return*, on the *sealed side*.

b. The *reason for its non-delivery*, on the face, say, "unclaimed," or "not called for," or "illegal stamp," or "not directed," &c., or the person addressed is "unknown," or "cannot be found," or has "removed to unknown office," or is "deceased," &c., as the case may be.

11. "*Unknown*" is not a sufficient reason for sending a letter to the Dead Letter Office without advertising it, and "*mis-sent*" is never a reason for *non-delivery*, but is a reason for forwarding a letter to the office to which it is directed, and which it has failed to reach.

12. The *date of advertising* should be *at once* written or stamped upon every advertised letter, thus, "Adv. July 1," or as the case may be.

13. If, previous to its return, the *seal* of a dead letter be broken by accident, or by having been delivered to the wrong person, the fact must be noted upon it.

14. **BILL.**—*Every return* of (unclaimed) dead letters must contain its *dead letter bill*, made out on a common *post-bill* blank, except where *printed* dead letter bills are provided for the large cities. The word "HERE," in the caption after "PAID," is to be erased or disregarded, but the names of *post office* and *State*, and the *date* of return, must *never* be omitted or illegible. The bill should be addressed "To *Dead Letter Office*," and figures must be entered in the proper columns to show—

a. The *number of domestic letters of each rate*, under the proper heads of *unpaid*, *paid*, &c. Those originally sent under the *franking privilege* are to be entered "Free," but no others. Drop letters should be marked "Drops."

b. The *number of foreign letters of each rate*, entered separately from the domestic, under *unpaid* and *paid*, and marked "For."

c. The *number of "Return Letters,"* separately entered under *unpaid*, and marked "Return."

d. The *rates of all unpaid letters* entered in the column of "Rates," which should contain no other writing whatever. The *rate of an unpaid dead letter* is the amount *due* upon it, including 1 cent for advertising, when advertised in a newspaper; thus, 3 cents *due*, and 1 cent for advertising, make a 4 cent rate.

e. The whole number of advertised letters, excepting those entered as *unpaid*, must be entered, with their *one cent rate*, under the head of *unpaid*, and marked in the margin "Adv.," or no allowance will be made for the advertising.

f. The *amounts due* for unpaid postage and advertising, entered under *unpaid*. The *amounts* of prepaid postage should also be entered under *paid*.

15. All dead letter bills are to be made in *duplicate*, and one of each retained by the postmaster—the sums of their *unpaid* columns to be carried to No. 12 of the account current. The one sent with the dead letters should be secured from injury by placing it under the first letter of the package.

16. *Weekly advertised lists* should be carefully corrected so as to distinguish the letters *delivered* from those *returned*, before sending them to the Dead Letter Office. Advertised lists from *monthly offices* should be sent, with the *quarterly accounts*, to the *Auditor's Office*; but no allowance will be made upon *manuscript lists*.

17. **PACKING UP DEAD LETTERS**—*Domestic letters*, *foreign letters*, *drop letters*, and *return letters*, without regard to their rea-

sons for non-delivery, must each be put into *separate* parcels or packages, with the *contents marked outside*; and the letters of each description must be *arranged* in their parcel or package, *regularly*, and according to their rates. *Unpaid letters, when numerous*, should be put into a separate package from the paid.

18. Whenever the number of letters, of any description, to be returned materially *exceeds one hundred*, they must be put in *two or more separate* packages, each securely enveloped and tied; and particular care must then be taken to number consecutively the several packages of letters, beginning with No. 1, and to place the *bill* in the highest numbered package, marking the same "Bill;" and also to mark on the outside of each package the description of letters contained therein.

19. *Large weekly returns*, embracing ten or more such packages, must in all cases be made in separate locked pouches, with wooden or leather labels, marked "WEEKLY RETURNS from," (name of office and date of mailing,) and plainly directed "Dead Letter Office, Washington, D. C."

20. *Smaller weekly and large monthly returns* of three to ten such packages must be similarly bagged, unless the several packages of letters can be compacted under a strong canvas or muslin cover, carefully stitched and sealed with wax, making *one bundle*, which must be plainly *postmarked*, indorsed "Weekly Returns" or "Monthly Returns," as the case may be, and directed to the "Dead Letter Office, Washington, D. C."

21. At *small monthly offices*, when the letters of any one kind do not make more than *two* such packages, the several parcels or packages must be securely wrapped and tied up in *one bundle*, which must be marked outside "Monthly Returns," postmarked, and directed to the "Dead Letter Office, Washington, D. C."

N. B.—It is of the *first importance* to *guard against the separation* of the several packages belonging to the same return.

**SEC. 8.** *And be it further enacted*, That dead letters containing valuable enclosures shall be registered in the department; and when it appears that they can neither be delivered to their address nor to the writers, the contents thereof, so far as available, shall be included with the receipts of the Post Office Department; and the amount thereof shall be shown in the annual report, and shall be subject to reclamation by either the party addressed or by the sender for four years from registry thereof, careful account being kept of the same. All other letters deemed of value or of importance to the party addressed, or to the writer, and which it appears cannot be returned to either destination, shall be disposed of as the Postmaster General shall direct.

**INSTRUCTION NO. 8.** When *valuable dead letters*, forwarded from the Dead Letter Office for delivery to the "proper owners," are *again* returned to the department because unclaimed or refused, those containing *money* must be *first* sealed up in an envelope or package, addressed to the "Third Assistant Postmaster General, Dead Letter Office," and then enclosed with a proper *registered bill*, in a *second* wrapper, and addressed "Postmaster, Washington City, D. C.," the "return" bill following by the next mail.

Those containing *other articles of value* are *not* to be *registered* when returned; but they must be carefully enclosed in one sealed envelope or package, and addressed to the "Third Assistant Postmaster General, Dead Letter Office." *No other kind* of letters must be sent in the same package.

*Valuable dead letters* are *never* to be *forwarded* to another office, nor retained more than *one month*.

The *postage* to be charged on *valuable dead letters* is fixed

by section 29 at 6 cents for each single rate. It must be collected when the letters are delivered, and *all received* must be entered in the dead letter column of the account of "Mails Received," and in No. 2a of the account current; but when postage is *not collected*, and the letters are sent back to the department, *no entry* of postage should be made, for it is nowhere charged against the office.

Ordinary dead letters returned for delivery to the writers, according to the act approved June 21, 1862, without being recorded as valuable, are called "*Return Letters*," and the postage to be collected on them is fixed by section 29 at 3 cents for each single rate.

*All return letters* are to be entered in the dead letter column of "mails received," and postmasters must always charge themselves with the *whole amount* of postage on them in No. 2a of the account current, and take credit in No. 12a for those sent back to the "*Dead Letter Office*."

"*Return letters*" are *not* to be advertised; but they are to be placed in the proper boxes for delivery, and due care exercised to deliver them whenever possible. They *may be forwarded* when requisite, as other letters.—(See Sec. 30.)

The *date of receipt* must be written or stamped upon every "*return letter*," and if *refused*, or, from any other cause, not delivered and the postage is not collected within one month, such letters must be included in the *next weekly or monthly return* of dead letters thereafter, *postmarked* on the *sealed side*, and with the *reason for non-delivery* specified on each letter.

A separate entry for "*return letters*" must be made in the dead letter bill under *unpaid*, and marked "*return*."

**SEC. 9. And be it further enacted,** That the Postmaster General may provide by regulation for the disposition, for the benefit of the department, of printed matter which remains in any post office, or in the department, not called for by the party addressed; but the postmaster shall notify the publisher of any newspaper or periodical of the fact when any subscriber shall refuse to take the same from the office, or shall neglect to call for the same for the period of one month, which notice may be sent free under regulation to be provided by the Postmaster General.

**INSTRUCTION No. 9.** In the absence of special instructions to any office, the undelivered matter shall, at the end of each quarter, be sold by the postmaster for the highest price attainable therefor; and the amount of proceeds thereof shall be entered in his quarterly account.

When any newspaper or magazine regularly sent through the mails has been refused by a subscriber thereto, or not called for by him for one month, the postmaster will write a statement of the facts to the postmaster where such publication is mailed, to be by him communicated to the publisher.

**SEC. 10. And be it further enacted,** That the action of the Post Office Department respecting foreign dead letters shall be subject to conventional stipulations with the respective foreign administrations.

**INSTRUCTION No. 10.** This section explains itself.

**SEC. 11. And be it further enacted,** That letter-carriers shall be employed, at such post offices as the Postmaster General shall direct, for the delivery of letters in the places respectively where such post offices are established; and for their services they shall severally receive a salary, to be prescribed by the Postmaster General, not exceeding eight hundred dollars per year: *Provided*, That, on satisfactory evidence of their diligence, fidelity, and experience as carriers, the Postmaster General may increase their respective salaries from time to time to any sum not exceeding one thousand dollars,

at offices where the income from postages on the local letters shall yield a sum more than sufficient to pay all expenses of the carrier system at such offices; each of the said carriers shall give bond, with sureties, to be approved by the Postmaster General, for the safe custody and delivery of all letters, packets, and moneys received by him.

**INSTRUCTION No. 11.** Under this section special regulations will be adopted applicable to the several offices where the delivery system shall from time to time be introduced. Postmasters will exercise the greatest possible care in selecting and nominating letter-carriers. They must be men of good intelligence and good physical ability, of unquestionable integrity, and interest themselves in the service. The salary of each will be regulated by his experience, fidelity, and diligence, beginning at a low sum, with advancement from time to time according to merit. Postmasters in nominating carriers will state their age, previous occupation, and any other fact touching the question of their fitness. Only those candidates should be recommended who desire to continue permanently in the duties of the office. It is not intended to remove carriers except for cause of unfitness, and to reward their diligence by promotion in the postal service. Delivery districts for each carrier will be so arranged by postmasters as to give full employment to the carriers with the least loss of time in the delivery and collection of letters. The amount of local mail matter will be greatly increased by perfect regularity and promptitude in the movement of the carriers. Some dress or badge should be adopted by which the public will readily recognize them.

**SEC. 12. And be it further enacted,** That whenever the Postmaster General shall have perfected the carrier system in any postal district so as in his judgment to justify him therein, he is authorized to make delivery, within any prescribed postal district, of mail matter by letter-carriers, as frequently as the public convenience in such district shall require, and shall make all proper regulations for that purpose.

**INSTRUCTION No. 12.** Special regulations will be made under this section as occasion may require.

**SEC. 13. And be it further enacted,** That the Postmaster General is authorized, when in his judgment the public interest or convenience may require it, to establish one or more branch post offices, and also pillar boxes, or other receiving boxes, for the safe deposit of matter for the mails and for delivery; and in case of such establishment of a branch office, the person in charge thereof shall be appointed, and his salary fixed, as in the case of a letter-carrier, and the like bond required: *Provided*, That the post officer in charge of the branch office may also be a depository for the sale of stamps, to be delivered to him for that purpose by the postmaster of that postal district in sums not at any time to exceed one-half of the penalty of his bond.

**INSTRUCTION No. 13.** Special regulations will be communicated to each office to which the provisions of this section shall be applied.

**SEC. 14. And be it further enacted,** That all expenses for the letter-carriers, branch offices, and receiving boxes, or incident thereto, shall be entered and reported in a separate account from the ordinary postal expenses of such post office, and shall be shown in comparison with the proceeds of the postages on local mail matter at each office, in order that the Postmaster General may be guided in the expenditures for that branch of the postal service by income derived therefrom; and all such expenses shall be paid out of the income of the post office at the district in which they are incurred.

**INSTRUCTION No. 14.** Each postmaster, where the letter-carrier system is or shall be established, will keep an account

and make quarterly report of the expenses incident thereto under the following heads:

1. Compensation of carriers.
2. Expense of branch offices.
3. Cost of receiving boxes.
4. Expense of repairs.
5. Cost of local transportation.
6. Miscellaneous expenses.

He shall also exhibit quarterly the income derived from local postage.

**NOTE.**—As this section provides that the expenses of the system of free delivery shall be paid out of the income of the post office of the district in which they are incurred, it is important that the department should be early advised as to the number and compensation of letter-carriers and collectors at all offices where they are now employed. Postmasters will therefore send to the Appointment Office at the earliest practicable moment after the receipt of these instructions a full statement of the number and compensation to each, as well as all other information in their possession relating to this subject, the better to enable the Postmaster General to determine at what offices the system shall be continued, and to fix the amount of salary of carriers.

**SEC. 15.** *And be it further enacted,* That the postmaster of any office where letter-carriers are employed may contract with the publishers of any newspapers or periodicals, and with the publishers of any circulars, for the delivery by postal carriers, within his postal district, of any such publications not coming through the mails, at rates and upon terms to be agreed upon, such arrangement and terms being equally open to all like publishers; but such contract shall have no force or effect until approved by the Postmaster General. The Postmaster General may also provide by regulation for the delivery by such carriers of small packets other than letters or papers, and not exceeding the maximum weight of mailable packages; but such packages must be prepaid by postage stamps at the rate of two cents for each four ounces or fraction thereof.

**INSTRUCTION No. 15.** Postmasters at letter-carrier offices will give special attention to the provisions of this section, and will report, after advising with publishers and news agents, what will be a fair compensation to be paid by publishers for the delivery of their regular issues by postal carriers. They will, as soon as practicable, also report whether the local revenue may not be increased by establishing a package delivery in connexion with the local mail delivery. The greatest diligence must be used by postmasters to perfect the carrier system and secure public attention and patronage to its facilities.

**SEC. 16.** *And be it further enacted,* That no postmaster shall receive, to be conveyed by the mail, any packet or package which shall weigh more than four pounds, except books published or circulated by order of Congress.

**INSTRUCTION No. 16.** This section explains itself.

**SEC. 17.** *And be it further enacted,* That upon the following mailable matter the postage must be prepaid, at the time of mailing, by stamps, unless otherwise expressly provided in this act:

First. Upon all domestic letters, whether passing through the mails or collected or delivered by postal agents or carriers.

Second. On all transient printed matter.

Third. On all seeds, cuttings, bulbs, roots, and scions; all pamphlets, books, book manuscripts, and proof-sheets, maps, prints, engravings, blanks, flexible patterns, samples and sample cards, phonographic paper, letter envelopes, postal envelopes or wrappers, cards, paper, plain or ornamental, photographic representations of different types, seeds, cuttings, bulbs, roots, and scions.

envelopes, paper, and photographic representations of different types.

Fourth. Upon all other things in the mail not otherwise herein provided for.

**INSTRUCTION No. 17.** On and after the 1st July, 1863, postage must be prepaid upon all mail matter, except—

1. Matter lawfully franked.—(See section 42.)
2. Foreign letters which are regulated by special conventions.
3. Printed matter regularly issued and sent to regular subscribers.—(See sections 18, 35, and 36.)
4. The letters mentioned in section 27 of this law.

**SEC. 18.** *And be it further enacted,* That upon the following mailable matter the postage shall be paid before delivery for not less than one quarter nor more than one year; and such payment for a term may be made either at the mailing office or at the office of delivery. If the term commences at any other time than at the beginning of a quarter, such payment must be made to cover such fractional quarter, and also for the next following quarter; otherwise the postage shall be collected thereon as on transient matter:

Upon regular weekly, tri-weekly, semi-weekly, and daily publications, and all other regular publications, issued from a known office of publication at stated periods and sent to regular subscribers.

**INSTRUCTION No. 18.** No newspaper or magazine, not prepaid at the mailing office, can be delivered under this law until the postage has been paid for at least one quarter, unless the party addressed shall pay on each such paper or magazine the rate required on transient matter by section 34 of this law. If the quarterly postage shall be paid at any other time than the beginning of a quarter, that is to say, on the first day of January, April, July, and October, it must be paid to the end of the next following quarter; thus, if the subscription commences from the 1st of August, payment must be made to the 31st of December. Not more than one year's postage can be collected in advance. If postmasters deliver any mail matter without first collecting the postage thereon, they must immediately charge themselves with the amount, and report it as paid in their quarterly account. Any failure to do this will be cause for removal.

**SEC. 19.** *And be it further enacted,* That mailable matter shall be divided into three classes, namely: first, letters; second, regular printed matter; third, miscellaneous matter.

**INSTRUCTION No. 19.** Postmasters will, as far as possible, report the postage accruing at their offices upon each of these classes of mail matter separately.

**SEC. 20.** *And be it further enacted,* That the first class embraces all correspondence, wholly or partly in writing, except that mentioned in the third class. The second class embraces all mailable matter exclusively in print, and regularly issued at stated periods, without addition by writing, mark, or sign. The third class embraces all other matter which is or may hereafter be by law declared mailable; embracing all pamphlets, occasional publications, books, book manuscripts, and proof-sheets, whether corrected or not, maps, prints, engravings, blanks, flexible patterns, samples and sample cards, phonographic paper, letter envelopes, postal envelopes or wrappers, cards, paper, plain or ornamental, photographic representations of different types, seeds, cuttings, bulbs, roots, and scions.

**INSTRUCTION No. 20.** For the rates of postage to be charged upon the respective classes of matter named in this section, see sections 22, 23, 24, and 34 of this law.

**SEC. 21.** *And be it further enacted,* That the maximum standard weight for the single rate of letter postage is one-half ounce avoirdupois.

INSTRUCTION No. 21. This section explains itself.

**SEC. 22.** *And be it further enacted.* That the rate of postage on all domestic letters transmitted in the mails of the United States, and not exceeding one-half ounce in weight, shall be uniform at three cents; and for each half ounce, or fraction thereof, of additional weight, there shall be charged an additional rate of three cents, to be in all cases prepaid by postage stamps plainly affixed to such letter.

INSTRUCTION No. 22. On and after July 1, 1863, the single letter rate of postage will be three cents throughout the United States. The Pacific rate of ten cents is abolished.

An additional rate of three cents is required for each additional half ounce or fraction. It must be prepaid in all cases, subject to the exceptions mentioned in section 27.

**SEC. 23.** *And be it further enacted,* That the rate of postage on all letters not transmitted through the mails of the United States, but delivered through the post office or its carriers, commonly described as local or drop letters, and not exceeding one-half ounce in weight, shall be uniform at two cents, and an additional rate for each half ounce, or fraction thereof, of additional weight, to be in all cases prepaid by postage stamps affixed to the envelope of such letter: but no extra postage or carrier's fee shall hereafter be charged or collected upon letters delivered by carriers, nor upon letters collected by them for mailing or for delivery.

INSTRUCTION No. 23. On and after July 1, 1863, mail letters are collected and delivered without any charge. All local letters, however, are chargeable with two cents postage, to be prepaid by stamps in all cases. But no fee is to be paid to the carrier thereon.

**SEC. 24.** *And be it further enacted,* That the domestic letter rate of postage is established for all mailable matter which is wholly or partly in writing, or is so marked as to convey any other or further intelligence or information than is conveyed by the original print in case of printed matter, or which is sent in violation of law or regulations of the department touching the enclosure of matter which may be sent at less than letter rates, and for all matter introduced into the mails for which no different rate is provided by law: *Provided*, That book manuscripts and corrected proofs passing between authors and publishers may pass at the rate of printed matter: *And provided, further*, That publishers of newspapers and periodicals may print or write upon their publications sent to regular subscribers the address of subscribers and the date when the subscription expires, and may enclose therewith receipts for payment and bills for subscription thereto.

INSTRUCTION No. 24. Under this section postmasters will charge and collect postage, at the rate of three cents for each half ounce, on any newspaper or periodical so marked or written upon as to give any other information than that contained in the print. The same charge will be made where it is so enclosed that it cannot be examined without destroying the wrapper. The same rule applies to written and printed matter which may be sent at less than letter postage.—(See No. 39.)

**SEC. 25.** *And be it further enacted,* That on all matter not enumerated as mailable matter, and to which no specific rates of postage are assigned, and which shall nevertheless be mailed, the rate, if the same shall be forwarded, is established at the rate of letter postage.

INSTRUCTION No. 25. The latter rate will therefore be charged on all matter in the mails not mentioned in section 20 of this law.

**SEC. 26.** *And be it further enacted,* That if any matter on which by law the postage is required to be prepaid at the mailing office shall reach its destination without such prepayment, double the prepaid rates shall be charged and collected on delivery.

INSTRUCTION No. 26. Postmasters will give particular attention to this section. It applies to all letters not duly franked or prepaid, (except soldiers' and naval letters,) and all printed matter except that sent to regular subscribers, and to all miscellaneous mail matter mentioned in third class of section 20.

If postage is partly prepaid, the unpaid postage will be charged at double rates.

**SEC. 27.** *And be it further enacted,* That the Postmaster General is authorized to provide by uniform regulation for transmitting unpaid and duly certified letters of soldiers, sailors, and marines in the service of the United States to destination; and all other letters which from accident or neglect appear to have been deposited for mailing without prepayment of postage, where, in the latter class, the writer is not known, or cannot be promptly advised of his default; but in all cases of letters not prepaid, except certified soldiers' and naval letters, the same shall be charged with double rates of postage, to be collected on delivery.

INSTRUCTION No. 27. The following regulations are in force from July 1, 1863, under this section:

1. Letters written by commissioned officers in the military or naval service cannot be certified as soldiers' or naval letters.

2. Letters written by non-commissioned officers and privates in the military service, or in the naval service, (embracing the marine corps,) on which the postage is not prepaid by stamps, must be plainly marked on the outside, over the address, soldier's letter or naval letter, (as the case may be,) and this certificate signed with his official designation by a field or staff officer of the regiment to which the soldier belongs, or by the officer in command of his detachment, or of the post, or by a surgeon or chaplain at a hospital. In the navy or marine corps by the officer in command of the vessel, or by a chaplain or surgeon on board, or by the officer commanding a detachment of marines on shore.

3. If any military or naval letters not thus duly certified shall be deposited at any post office for mailing, they shall nevertheless be mailed, but rated up with double postage, to be collected on delivery, as in other cases of unpaid letters.

4. This law requires prepayment of postage on all ordinary letters by stamps, as heretofore; but this section intends, and postmasters are instructed, to use a liberal discretion in forwarding unpaid letters deposited for mailing where there is any reason to believe that such failure to prepay was the result of accident, ignorance, or any other cause than design, charging them with double rates of postage, to be collected on delivery. The former practice of notice to the party addressed is abolished.

In all cases where the failure to prepay postage on the letters of *civilians*, when the same are deposited for mailing, is evidently *intentional*, such letters should be forwarded with other "*unmailable*" letters to the Dead Letter Office.

**SEC. 28.** *And be it further enacted,* That when any writer of a letter on which the postage is prepaid shall indorse in writing or in print upon the outside thereof his name and address, with a request that the same be returned to him if not called for or delivered within any number of days, (not to exceed thirty days,) any such letter shall not be advertised nor treated as a dead letter at the office addressed, but shall

be returned as requested, charged with the proper postage at the prepaid rate, to be collected on the return delivery ; and if not then delivered, shall be treated as a dead letter.

INSTRUCTION No. 28. Postmasters will observe the provisions of this section. But it applies only to prepaid letters. If a letter bearing such request is deposited without prepayment it will not be forwarded, but the writer will be notified of its detention. They should be returned promptly at the expiration of the time, as requested, charged with the postage at the single rate, to be collected on the return delivery.

If no time is specified, or it exceeds thirty days, such letter must be returned to the writer at the expiration of thirty days.

A *business card* printed on a letter is not to be regarded unless it embraces a *request* for the return of the letter if uncalled for; but such *request* specifically made in *any form* should be observed.

The *dates of receiving* such letters must be carefully written or stamped upon them, and also the dates of *remailing* them to the writers ; and when remailed, the words "*Returned to writer*" should be plainly written or stamped across the face of each, and the original address erased.

If such letters are not delivered to the writers within *one month* after their return, they must be sent to the Dead Letter Office with other unclaimed letters.—(See section 7.)

A regular account must be kept of letters returned to the writers under this law, (section 28,) showing the name and address of the writer, to whom directed, the date of receipt, and date of return. A similar account should be kept of such letters *received from other offices*. Send copies of these accounts quarterly to the "*Third Assistant Postmaster General*."

SEC 29. *And be it further enacted*, That the postage on returned dead letters, not registered as valuable, shall be three cents for the single rate ; on returned dead letters, registered as valuable, double rates shall be charged.

INSTRUCTION No. 29. See regulations under section 8.

SEC. 30. *And be it further enacted*, That all letters directed to any person not found at the office addressed may be forwarded to any other office where he may be found, with additional charge of postage therefor.

INSTRUCTION No. 30. In all cases where the party addressed leaves directions for the forwarding of his letters to another office, and in *all* cases where the postmaster has knowledge that they will reach him if forwarded to another office, (and no contrary directions have been given,) such letters should be immediately forwarded, charged with the additional postage at the prepaid rates.

SEC. 31. *And be it further enacted*, That the Postmaster General shall have authority to pay, or cause to be paid, a sum not exceeding two cents each for all letters conveyed in any vessel or steamboat, not employed in carrying the mail, from one port or place to any other port or place in the United States, or from any foreign port to any port within the United States, subject to such regulations as the Postmaster General may prescribe. But all such letters shall be deposited in the post office at the port of arrival for mailing or delivery ; and if for delivery within the United States, shall be rated with double rates of postage, which shall cover the fee paid to the vessel. No fees shall be allowed for letters collected by a carrier on a mail route.

INSTRUCTION No. 31. Under this section the following regulations are prescribed :

1. No fees will be allowed to any vessel or to any person

on board any vessel which carries the mail, nor to any mail carrier on any mail route by land or water.

2. Postmasters are authorized to pay for each letter addressed to the United States by any other sea-going vessel from a foreign port two cents, and for each letter addressed to the United States brought by any other vessel on inland waters, or brought coastwise from one domestic port to another, one cent; but to entitle the carrier to such payment, the letters must be promptly delivered to the post office upon arrival.

3. At the post office where deposited they will be charged with double rates of postage to be collected at the office of delivery, that is to say, six cents for the single weight if mailed and four cents the single weight if delivered at the office ; but if such letter has been prepaid by United States stamps at such double rate of postage, no additional charge will be made. If only partly prepaid by stamps, double the unpaid balance will be charged and collected on delivery.

4. If such letter is addressed to any point in a foreign country, no fee will be allowed thereon by the postmaster to the carrier.

SEC 32. *And be it further enacted*, That, for the greater security of valuable letters posted for transmission in the mails of the United States, the Postmaster General is authorized to establish a uniform plan for the registration of such letters on application of parties posting the same, and to require the payment of the postage, as well as a registration fee not exceeding twenty cents, on every such letter or packet, to be accounted for by postmasters receiving the same in such manner as the Postmaster General shall direct: *Provided, however,* That such registration shall not be compulsory, and it shall not render the Post Office Department or its revenue liable for the loss of such letters or packets, or the contents thereof ; and provision shall be made by regulation for a return receipt to the writer, showing to whom and when such registered letter was delivered, which receipt shall be received in the courts as *prima facie* evidence of such delivery.

INSTRUCTION No. 32. Postmasters will observe and call attention to the important provisions of this section. The return receipt is made legal evidence of the delivery of the letter to the party addressed. To entitle a letter to registration the regular postage must be prepaid by stamps ; and in addition to this, the registration fee must be paid in money.

The registration fee is *twenty* cents. It is of the utmost importance that postmasters should exercise the greatest care and diligence in the custody and despatch of registered letters, so that they may be able to make affidavit that a given registered letter was despatched from their respective offices on a certain day and in a designated mail pouch. The receipt delivered to the sender of the letter, and the corresponding marginal entry in the receipt book, should specify his *name and residence*. The postmaster will at the same time prepare a blank return receipt, which must contain the same items and number as the receipt given the sender, and which is to be forwarded with the registered letter for the signature of the receiver. In addition to the registered number in the upper left hand corner of the letter, the word "*Registered*" should be plainly written or stamped on the face of the same. The blank return receipt, to be signed by the receiver of the letter, should be enclosed in the same *sealed* wrapper with the left hand or registered letter-bill accompanying the parcel of letters to which it relates.

In all large offices where letters are received, entered, and

mailed by different persons, it shall be the duty of the postmaster either to keep the receipt book or to designate some one specially for that service, and to see that it is made the duty of the clerk receiving a letter for registry and keeping the account of *registered letters sent*, after making up each package of registered letters for mailing, to enter the same in a book to be kept for the purpose, in which shall be stated the date on which the package is sent away from the office, the name of the office to which the package is sent, and the number of each letter contained therein. Before the hour of mailing arrives, the package shall be passed to the mailing clerk, who will compare the letters in it with the entry on the book ; and if found correct, shall **SEAL** and receipt for the same by signing his name opposite the number of each letter contained therein, and specifying the hour at which the letters are despatched from the office. The mailing clerk will see that the registered letter package is enclosed in the same package with the unregistered letters, sent by the same mail, and in the margin of the ordinary account of mails sent, opposite the entry of the post-bill accompanying said mail, shall be written the word "*Registered,*" and the same word, or its initial, "R.," written on the post-bill.

On the receipt at an office of a mail containing a package of registered letters, the clerk who opens and distributes the mail will pass the registered package to the clerk keeping the account of registered letters, who will receipt for the same by signing his name to the post-bill ; he will then compare the letters found in the package with the accompanying bill, and will indorse it correct if he find it so, or will note the error, if there be one, and then enter the contents in the account of *registered letters received* and deposit the letter or letters in a secure place to be kept, with the blank return receipts, until delivered to the persons addressed.

On receipt at a distributing office of a mail containing a package of registered letters for distribution, the clerk who opens the mail will proceed in same manner as above prescribed for registered letters received for delivery. The letters will then be entered in the account of registered letters received for distribution, and disposed of in same manner as above provided for registered letters originally mailed at the office.

The postmaster at the office of delivery will not deliver a registered letter until the person authorized to receive it shall have first signed the return receipt therefor, and also a second acknowledgment to the same effect, to be filed at such office of delivery. The return receipt, duly filled up and signed, is to be forwarded as soon as practicable to the post office where the letter to which it relates was originally mailed, and it shall be the duty of the postmaster at the latter office to cause the same to be delivered without delay to the sender. In case the postmaster at the mailing office has not received a printed form of blank for the return receipt, he will make use for the purpose of the present printed receipt designed for the sender, with the requisite additions and modifications. And should the postmaster at the office of delivery fail to receive a blank return receipt, he should make out from the data in his possession a receipt of this kind and return the same duly signed by the receiver to the mailing postmaster.

The use of a return receipt is not required for registered letters sent to or received from foreign countries.

From and after July 1, 1863, postmasters will be allowed

a commission of *fifty* per cent. on the amount of registration fees received at their offices.

Such portions of former regulations with regard to registered letters as are not modified by the preceding instructions should be strictly observed.

**SEC. 33. *And be it further enacted,*** That the maximum standard weight for the single rate of postage on matter classed as printed matter, and also on that classed as miscellaneous matter, is four ounces avoirdupois, subject to the exception in the next following section provided.

INSTRUCTION No. 33. (See instructions under No. 34 )

**SEC. 34. *And be it further enacted,*** That the rate of postage on transient mailable matter of the second class, and also on all miscellaneous mailable matter of the third class, (except circulars and books,) shall be two cents for each four ounces, or fraction thereof, contained in any one package to one address ; and such postage shall in all cases be fully prepaid by stamps, plainly affixed to the wrapper thereof. Double these rates shall be charged for books. Unsealed circulars, not exceeding three in number, shall pass at the single rate of two cents, and in that proportion for a greater number, adding one rate for three circulars, or less number thereof, directed to one address. No extra postage shall be charged for a card printed or impressed upon an envelope or wrapper. These rates must in all cases be prepaid by stamps.

INSTRUCTION No 34. By sections 33 and 34 of this law the rate of postage on all transient matter and upon all mailable matter, except letters and regular papers and periodicals, is fixed by the weight of the package, (excepting circulars.) This standard weight is fixed at four ounces, and passes at the rate of two cents, an extra rate of two cents being added for each additional weight or fraction of it. Double this rate (that is four, cents) is charged for books by the same standard of weight. Three circulars or any less number, in one unsealed envelope to one address, pass at the same rate of two cents. Seeds, engravings, and the other miscellaneous matter mentioned in the third class of section 20 of this law, are also charged at the same rate of two cents for each four ounces, or fraction of it, sent to one address. These postage charges must in all cases be prepaid by stamps. No extra charge is made, as heretofore, for any business card or address printed on the wrapper.—(See also No. 39, last clause.)

**SEC 35. *And be it further enacted,*** That the rate of postage upon mailable matter of the second class, issued once a week or more frequently from a known office of publication, and sent to regular subscribers, shall be as follows: Upon newspapers and other periodical publications, each not exceeding the standard weight of four ounces, and passing through the mails or post offices of the United States between any points therein, the rate for each quarter of the year shall be : for publications issued once a week, five cents; issued twice a week, ten cents; issued three times a week, fifteen cents; issued six times a week, thirty cents; issued seven times a week, thirty-five cents; and in that proportion, adding one rate for each issue more frequent than once a week. For weight exceeding four ounces, and not exceeding eight ounces, an additional rate shall be charged; and on the same scale, an additional rate for each additional weight of four ounces or fraction thereof; and such postage must be prepaid for a term not less than one quarter nor more than one year, at either the office of mailing or of delivery, at the option of the subscriber, of which payments a record shall be made and preserved in the post office where paid; and no such publication shall be delivered from the office until such payment is made; but the publishers of weekly newspapers may send to each actual subscriber within the county where their papers are printed and published one copy free of postage.

**INSTRUCTION No. 35.** This section is applicable to regular papers and periodicals issued *once a week or more frequently* and from a *known* office of publication. Publications issued without disclosing the office of publication, or containing a fictitious statement thereof, will not be forwarded unless prepaid at the mailing office at the rates of transient matter. The provision of the former law authorizing free delivery of newspapers within the county of their publication is retained: but observe, 1st, that the subscriber must reside within the county of publication; and 2d, that it is only a *weekly newspaper* that can be thus delivered without charge of postage. Observe, also, that there is no longer any difference by reason of the circulation in or out of the State where published. Consult the postage table for further information.

**SEC. 36. *And be it further enacted,*** That the rate of postage upon mailable matter of the second class, issued less frequently than once a week from a known office of publication, and sent to regular subscribers, shall be as follows: Upon newspapers, magazines, and other periodical publications, each not exceeding the standard weight of four ounces, and passing through the mails or post offices of the United States between any points therein, the rate for each such paper or periodical shall be one cent, and an additional rate of one cent for each additional weight of four ounces or fraction thereof: *Provided*, That the Postmaster General may provide by regulation for the transportation of small newspapers in packages at the same rate by the standard weight of the package when sent to one address; and the rates herein provided must be prepaid at either the office of mailing or of delivery, at the option of the subscriber, for a term not less than one quarter nor more than one year, except that newsdealers may pay the postage upon their packages as received at the same rates *pro rata* as yearly or semi-annual subscribers who pay postage quarterly in advance.

**INSTRUCTION No. 36.** This section provides for the other regular publications not embraced in 35, namely, where they are not issued as often as once a week, and includes all monthly and quarterly magazines, Sunday-school papers, &c. As in the other case, they must have a *known* office of publication, and be regularly sent to subscribers, otherwise they must be prepaid at transient rates at the mailing office. Small newspapers not issued as often as once a week, devoted to the use of Sunday schools, to religion, to education, or to agriculture, may be sent in packages to one address at the rate of one cent for a package not weighing over four ounces, and an additional charge of one cent for each additional four ounces, or fraction thereof. Thus a package of such papers weighing only four ounces, published once a month and regularly sent to a subscriber, would be subject to charge, when paid quarterly in advance, of three cents per quarter, if published twice a month; over four and not exceeding eight ounces, double these sums, and so on. Each copy of a magazine is rated in like manner. In cases of doubt whether such newspapers are entitled to be rated by the package, postmasters will apply to the department for instructions, enclosing a copy of the paper in question. If the postage at least one quarter is not prepaid on such papers and magazines, the postage must be collected on delivery of each package or number at the rate of two cents for each four ounces, or fraction of it.

[Separate accounts to be kept of postages on the several classes ]

**SEC. 37. *And be it further enacted,*** That publishers may enclose in their publications sent to regular subscribers the bills for subscription thereto without any additional charge for

postage, and may write or print upon their publications, or upon the wrappers thereof, the name and address of the subscribers thereto, and the date when the subscription will expire; but any other enclosure or addition in writing or in print shall subject the same to letter postage, which shall be collected before delivery thereof.

**INSTRUCTION No. 37.** Any additional writing beyond that mentioned in this section will subject the package to letter postage at double rates.

**SEC. 38. *And be it further enacted,*** That the Postmaster General may from time to time provide by order the rates and terms upon which route agents may receive and deliver at the mail car or steamer packages of newspapers and periodicals delivered to them for that purpose by the publishers, or any news agent in charge thereof, and not received from, nor designed for delivery at, any post office.

**INSTRUCTION No. 38.** Postmasters in cities and large towns will particularly observe the provisions of this section. Large additions to the postal revenue may be made by securing to the mail car the daily transportation of newspapers and periodicals now carried by expressmen. Ample power is conferred by this section to secure that result.

Route agents will receive and deliver such packages with care and promptitude whenever notified that arrangements have been made by the postmaster. Postmasters in cities from which such packages are sent will inquire and report to the department whether publishers and news agents will not transfer such packages to the care of the route agents, and at what rates, reporting the facts, with their recommendation, to the Postmaster General.

Route agents will use every exertion in aid of this purpose.

**SEC. 39. *And be it further enacted,*** That the Postmaster General has authority to prescribe by regulation the manner of wrapping and securing for the mails all matter not charged with letter postage nor lawfully franked, so that the same may be conveniently examined by postmasters; and if not so wrapped and secured, the same shall be subject to letter postage. He may also provide by regulation for ascertaining by furnished lists, by affidavit or otherwise, whether publishers send or have sent their publications unpaid through the mails to other than their regular subscribers.

**INSTRUCTION No. 39.** All mail matter not sent at letter rates of postage, embracing books, book manuscripts, proof-sheets, and other printed matter, and all other mail matter except seeds, must be so wrapped or enveloped with open sides or ends as to enable the postmaster to examine the package without destroying the wrapper, otherwise such packages must be rated with letter postage. No communication, whether in writing or in print, can be sent with any seeds, roots, cuttings, or scions, maps, engravings, or other matter not printed, except upon the separate payment of postage upon such separate matter at the established rates.—(See section 41 )

**SEC. 40. *And be it further enacted,*** That postmasters, at the office of delivery, are authorized, and it shall be their duty, to remove the wrappers and envelopes from printed and other matter not charged with letter postage, nor lawfully franked, for the purpose of ascertaining whether there is upon, or connected with, any such printed matter or in such package any matter or thing which would authorize or require the charge of a higher rate of postage thereon.

**INSTRUCTION No. 40.** If postmasters cannot make this examination without destroying the wrapper, they will rate the package with letter postage, and collect the same on delivery.

**SEC. 41.** *And be it further enacted,* That the Postmaster General may require an affidavit in form, to be prescribed by general regulation, to be taken by any publisher, or any clerk, agent, or servant of such publisher of any paper or periodical, which, by the terms of this act, may be sent to regular subscribers without prepayment of postage at the mailing office, to the effect that neither he nor any other proprietor, clerk, agent, or employé, within his knowledge, has sent, or caused or permitted to be sent, through the mails, without prepayment by postage stamps, any copies of such paper or periodical, (naming it,) except the same were sent to bona fide and regular subscribers thereto. And if it be ascertained that such papers or periodicals have been thus unlawfully sent, with the knowledge or consent of such proprietors, or of the agent or clerk in charge of that business; or if such affidavit, when required by the Postmaster General, or by a special agent of the Post Office Department, shall be refused, the person guilty of such offence, or refusing such oath, shall be liable to a fine of fifty dollars in each case, to be recovered by suit before any court of competent jurisdiction, one-half of which, when recovered, shall be paid to the informer.

**INSTRUCTION No. 41.** The Appointment Office is charged with the preparation of this affidavit and the execution of this provision of the law in all cases requiring such action. Postmasters and special agents will report any case which demands the application of this provision.

**SEC. 42.** *And be it further enacted,* That authority to frank mail matter is conferred upon and limited to the following persons: First. The President of the United States, by himself or his private secretary. Second. The Vice-President of the United States. Third. The chiefs of the several executive departments. Fourth. Such principal officers, being heads of bureaus or chief clerks of each executive department, to be used only for official communications, as the Postmaster General shall by regulation prescribe. Fifth. Senators and representatives in the Congress of the United States, including delegates from Territories, the Secretary of the Senate and Clerk of the House of Representatives, to cover correspondence to and from them, and all printed matter issued by authority of Congress, and all speeches, proceedings, and debates in Congress, and all printed matter sent to them; their franking privilege to commence with the term for which they are elected, and to expire on the first Monday of December following such term of office. Sixth. All official communications addressed to either of the executive departments of government by an officer responsible to that department: *Provided*, That in all such cases the envelope shall be marked "official," with the signature thereto of the officer writing the communication. Seventh. Postmasters have also the franking privilege for their official communications to other postmasters: *Provided*, That in all such cases the envelope shall be marked "official," with the signature of the writer thereto; and for any and every such indorsement of "official" falsely made, the person making the same shall forfeit and pay three hundred dollars. Eighth. Petitions to either branch of Congress shall pass free in the mails. Ninth. All communications addressed to any of the franking officers above described, and not excepted in the foregoing clauses, must be prepaid by postage stamps. The franking privilege hereinbefore granted shall be limited to packages weighing not exceeding four ounces, except petitions to Congress and congressional or executive documents, and such publications or books as have or may be published, procured, or purchased by order of either house of Congress, or a joint resolution of the two houses, which shall be considered as public documents, and entitled to be franked as such; and except also seeds, cuttings, roots, and scions, the weight of the packages of which may be fixed by regulation of the Postmaster General.

**INSTRUCTION No. 42.** First. Communications may be franked by the President, (by himself or secretary,) by the Vice-President, and by each member of the cabinet, without being certified to be "official."

Second. The fourth class of franks can only cover official correspondence, and the words "official business" must be upon the envelope and signed by the official franking. For such official correspondence the franking privilege is allowed to the following officers: The First and Second Comptrollers of the Treasury; the Solicitor of the Treasury; the Auditors of the Treasury; the Treasurer of the United States; the Register of the Treasury; the Assistant Secretary of State; the Assistant Secretary of the Treasury; the Assistant Secretary of the War Department; the Assistant Secretary of the Navy; the Commissioner of the General Land Office; the Commissioner of Customs; the Commissioner of Patents; the Commissioner of Indian Affairs; the Commissioner of Pensions; the Assistant Postmaster General; the Adjutant General of the army; the Quartermaster General; the Inspector General; the Commissary General of Subsistence; the Paymaster General; the Chief Engineer; the Surgeon General; the Colonel of Ordnance; the chiefs of bureaus of the Navy Department; and the Superintendent and Assistant Superintendent of the Coast Survey; the Superintendent of the Census; the Commissioner of Agriculture; the Commissioner and Deputy Commissioner of the Internal Revenue; the Provost Marshal General; the chief clerks of the executive departments; senators and representatives in Congress of the United States; delegates from Territories; the Secretary of the Senate, and Clerk of the House of Representatives.

Third. Attention is specially directed to the sixth clause of this section, which changes the former law. All correspondence addressed to any executive department, or any officer in it, must now be prepaid, except official communications written by some officer of the department, or an officer under its control or responsible to it; and in such cases, under the words "official business" on the envelope, the officer must sign his name with his official designation. All other persons, and all officers writing to departments with which they are not connected, must prepay their postage. All communications to the President not written by a public officer, and all to the Vice-President, must be prepaid.

Fourth. The seventh clause of this section prohibits all franking by postmasters, or to them, except upon their official communications to the department, and to each other. In such cases the envelope should bear the certificate "official business," signed by the postmaster writing. Postmasters can no longer receive printed matter free.

Fifth. The weight of packages of seeds, cuttings, roots, and scions, to be franked, is limited to twelve ounces.

**SEC. 43.** *And be it further enacted,* That all publishers of periodicals, magazines, and newspapers which shall not exceed sixteen ounces in weight shall be allowed to interchange their publications reciprocally free of postage: *Provided*, That such interchange shall be confined to a single copy of each publication.

**INSTRUCTION No. 43.** The privilege of publishers is limited to one copy of each issue, and it can only be sent free when sent direct from one publisher to another. It can neither be sent to any other person, nor forwarded after one delivery to any other place, without payment of postage thereon.

**SEC. 44.** *And be it further enacted,* That this act shall be in force and take effect from and after the thirtieth day of June, eighteen hundred and sixty-three.

**INSTRUCTION No. 44.** From and after the 1st July, 1863, postmasters are expected to conform to the requirements of this law.

SEC. 45. *And be it further enacted*, That all acts and parts of acts inconsistent with the provisions of this act are hereby repealed.

Approved March 3, 1863.

INSTRUCTION No. 45. This section repeals all former postal

laws inconsistent with the provisions of this act. Many of the old regulations are in consequence abolished, but such portion of former instructions as are not in conflict with the new law or regulations will still remain in force.

M. BLAIR, Postmaster General.

#### TRANSIENT MATTER.

**SECTION 34.—*Rates of postage to be prepaid by stamps on transient and miscellaneous mailable matter, except unsealed circulars and books.***

|  | <i>Cents.</i> |
|--|---------------|
| One package to one address, not exceeding 4 ounces in weight.....    | 2             |
| One package to one address, over 4 and not exceeding 8 ounces.....   | 4             |
| One package to one address, over 8 and not exceeding 12 ounces.....  | 6             |
| One package to one address, over 12 and not exceeding 16 ounces..... | 8             |

#### BOOKS.

|   | <i>Cents.</i> |
|---|---------------|
| Books, not exceeding 4 ounces in weight, to one address ..... | 4             |
| Books, over 4 and not exceeding 8 ounces .....                | 8             |
| Books, over 8 and not exceeding 12 ounces .....               | 12            |
| Books, over 12 and not exceeding 16 ounces .....              | 16            |

#### UNSEALED CIRCULARS.

|  | <i>Cents.</i> |
|--|---------------|
| Unsealed circulars, not exceeding 3 in number, to one address..... | 2             |
| Unsealed circulars, over 3 and not exceeding 6 .....               | 4             |
| Unsealed circulars, over 6 and not exceeding 9 .....               | 6             |
| Unsealed circulars, over 9 and not exceeding 12 .....              | 8             |

Postmasters must be careful always to collect the postage due on newspapers and printed matter received from foreign countries, when the foreign postage only is prepaid by the senders. For the rates to be collected on such mail matter postmasters will consult sections 146, 147, 149, 150, 151, 152, and 153, of the regulations of 1859.

#### QUARTERLY RATES OF POSTAGE ON NEWSPAPERS AND PERIODICALS.

**SECTION 35.—*Quarterly rates of postage, when paid quarterly or yearly in advance, on newspapers and periodicals issued once a week or more frequently and sent to actual subscribers from a known office of publication.***

|   | Weekly. | Semi-weekly. | Tri-weekly. | Six times a week. | Daily. |
|---|---------|--------------|-------------|-------------------|--------|
|   | Cents.  | Cents.       | Cents.      | Cents.            | Cents. |
| Weekly newspapers (one copy only) sent by the publisher to actual subscribers within the county where printed and published ..... | Free.   |              |             |                   |        |
| Newspapers and periodicals each—  |         |              |             |                   |        |
| Not exceeding 4 ounces in weight, sent to any part of the United States .....   | 5       | 10           | 15          | 30                | 35     |
| Exceeding 4 ounces and not exceeding 8 ounces .....   | 10      | 20           | 30          | 60                | 70     |
| Exceeding 8 ounces and not exceeding 12 ounces .....  | 15      | 30           | 45          | 90                | 105    |
| Exceeding 12 ounces and not exceeding 16 ounces .....   | 20      | 40           | 60          | 120               | 140    |

**SECTION 36.—*Quarterly rates of postage, when paid quarterly or yearly in advance, on newspapers and periodicals issued less frequently than once a week and sent to actual subscribers from a known office of publication.***

|   | Semi-monthly. | Monthly. | Quarterly. |
|---|---------------|----------|------------|
|   | Cents.        | Cents.   | Cents.     |
| Newspapers, magazines, and other periodical publications each—                |               |          |            |
| Not exceeding 4 ounces in weight, sent to any part of the United States ..... | 6             | 3        | 1          |
| Exceeding 4 ounces and not exceeding 8 ounces .....                           | 12            | 6        | 2          |
| Exceeding 8 ounces and not exceeding 12 ounces .....                          | 18            | 9        | 3          |

Religious, educational, and agricultural newspapers of small size, issued less frequently than once a week, may be sent in packages to one address at the rate of one cent for each package not exceeding four ounces in weight, and an additional charge of one cent is made for each additional four ounces or fraction thereof, the postage to be paid quarterly or yearly in advance.

*Newspaper*s may pay the postage on their packages of newspapers and periodicals as received, at the same rates that actual subscribers thereto pay quarterly in advance.

Publications issued without disclosing the office of publication, or containing a fictitious statement thereof, must not be forwarded by postmasters unless prepaid at the mailing office at the rates of transient printed matter.

# A N ACT

TO

## ESTABLISH SALARIES FOR POSTMASTERS, AND FOR OTHER PURPOSES,

APPROVED JULY 1, 1864.

[PUBLIC—No. 169.]

AN ACT to establish salaries for postmasters, and for other purposes.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That the annual compensation of postmasters shall be at a fixed salary, in lieu of commissions, to be divided into five classes, exclusive of the postmaster of the city of New York. Postmasters of the first class shall receive not more than four thousand dollars nor less than three thousand dollars; postmasters of the second class shall receive less than three thousand dollars and not less than two thousand dollars; postmasters of the third class shall receive less than two thousand dollars and not less than one thousand dollars; postmasters of the fourth class shall receive less than one thousand dollars and not less than one hundred dollars; postmasters of the fifth class shall receive less than one hundred dollars. The compensation of the postmaster of New York shall be six thousand dollars per annum, to take effect on the first day of July, eighteen hundred and sixty-four; and the compensation of postmasters of the several classes aforesaid shall be established by the Postmaster General under the rules hereinafter provided. Whenever the compensation of postmasters of the several offices, (except the office of New York,) for the two consecutive years next preceding the first day of July, eighteen hundred and sixty-four, shall have amounted to an average annual sum not less than three thousand dollars, such offices shall be assigned to the first class; whenever it shall have amounted to less than three thousand dollars, but not less than two thousand dollars, such offices shall be assigned to the second class; whenever it shall have amounted to less than two thousand dollars, but not less than one thousand dollars, such offices shall be assigned to the third class; whenever it shall have amounted to less than one thousand dollars, but not less than one hundred dollars, such offices shall be assigned to the fourth class; and whenever it shall have amounted to less than one hundred dollars, such offices shall be assigned to the fifth class. To offices of the first, second, and third classes, shall be severally assigned salaries, in even hundreds of dollars, as nearly as practicable in amount the same as, but not exceeding, the average compensation of the postmasters thereof for the two years next preceding; and to offices of the fourth class shall be assigned severally salaries, in even tens of dollars, as nearly as practicable in amount the same as, but not exceeding, such average compensation for the two years next preceding; and to offices of the fifth class shall be severally assigned salaries, in even dollars, as nearly as practicable in amount the same as, but not exceeding, such average compensation for the two years next preceding. Wherever returns showing the average of annual compensation of postmasters for the two years next preceding the first day of July, eighteen hundred and sixty-four, shall not have been received at the Post Office Department at the time of adjustment, the same may be estimated by the Postmaster General for the purpose of adjusting the salaries of postmasters herein provided. And it shall be the duty of the Auditor of the Treasury for the Post Office Department to obtain from postmasters their quarterly accounts, with the vouchers necessary to a correct adjustment thereof, and to report to the Postmaster General all failures of postmasters to render such returns within a proper period after the close of each quarter.

**SEC. 1.** The basis on which salaries will be adjusted is the aggregate compensation of postmasters as derived from commissions, box-rents, or other sources. Thus, under the first adjustment, the salaries will be made equal, as nearly as may be, to the compensation heretofore received.

**SEC. 2. And be it further enacted,** That the Postmaster General shall review once in two years, and in special cases, upon satisfactory representation, as much oftener as he may deem expedient, and readjust, on the basis of the preceding section, the salary assigned by him to any office; but any change made in such salary shall not take effect until the first day of the quarter next following such order, and all orders made assigning or changing salaries shall be made in writing and recorded in his journal, and notified to the Auditor for the Post Office Department.

**SEC. 2.** This section contemplates increasing salaries of postmasters in proportion to the increase of their business; also, a reduction of salaries where there is a diminution of the business.

**SEC. 3. And be it further enacted,** That salaries of the first, second, and third classes shall be adjusted to take effect on the first day of July, eighteen hundred and sixty-four, and of the fourth and fifth classes at the same time, or at the commencement of a quarter as early as practicable thereafter.

**SEC. 3.** Postmasters at offices of the first, second, and third classes will be specially notified, before September 30, of the salaries allowed them, respectively, from July 1.

Those of the fourth and fifth classes will receive commissions, as heretofore, and render accounts accordingly, for the quarter ending September 30, 1864. Their salaries will begin October 1.

**SEC. 4. And be it further enacted,** That, at offices which have not been established for two years prior to the first day of July, eighteen hundred and sixty-four, the salary may be adjusted upon a satisfactory return by the postmaster of the receipts, expenditures, and business of his office: *Provided*. That fifty per centum of the gross revenue of such office shall be, in all cases, the largest amount allowed to such postmasters for their salaries, respectively, except in cases where it shall be a separating or distributing office, as provided for in the sixth section of this act.

**SEC. 5. And be it further enacted,** That at the post office of New York and offices of the first and second classes, the Postmaster General shall allow to the postmaster a just and reasonable sum for the necessary cost, in whole or in part, of rent, fuel, lights, and clerks, to be adjusted upon a satisfactory exhibit of the facts. And at offices of the third, fourth, and fifth classes, such expenses shall be paid by the postmaster, except as in the sixth section provided; it being intended that such allowances shall be made in accordance with existing usages.

**SEC. 5.** The forms of accounts will be greatly simplified, and so much labor dispensed with, that the allowances for clerks under this section will be graduated below the present amount; and postmasters will report what reductions, in this respect, may be made. Only *unpaid* letters will enter into the accounts.

New forms will be furnished as soon as they can be prepared, with instructions as to their use.

**SEC. 6. And be it further enacted,** That the Postmaster General may designate certain convenient offices, at the intersection of mail routes, as distributing offices, and certain others as separating offices; and where any such office is of the third, fourth, or fifth class of the post offices, he may make a reasonable allowance to such postmaster for the necessary cost, in whole or in part, of clerical services arising from such duties.

**SEC. 6. Distributing and separating offices will be designated by the Postmaster General, and the allowance for extra service fixed as the exigencies of the service may require.**

**SEC. 7. And be it further enacted,** That all postages and box rents at post offices, and all other receipts and emoluments at a post office, shall be received and accounted for as a part of the postal revenues; and any part thereof which the postmaster ought to have collected but has neglected to collect shall be charged against him in his account, and he shall be liable therefor in the same manner as if the same had been collected; and he shall receive no fees or perquisites beyond his salary.

**SEC. 7. Under the law of March 3, 1863, box rents in all post offices must be paid for at least one quarter in advance. Receipts and emoluments from this and all other sources are hereafter to be accounted for as a part of the postal revenues, and forms of accounts will be prescribed accordingly.**

**SEC. 8. And be it further enacted,** That the uniform rate of United States postage, without reference to distance, upon letters and other mailable matter addressed to or received from foreign countries, when forwarded from or received in the United States by steamships or other vessels regularly employed in the transportation of the mails, shall be as follows, viz: ten cents per single rate of half an ounce or under, on letters; two cents each on newspapers; and the established domestic rates on pamphlets, periodicals, and other articles of printed matter; which postage shall be prepaid on matter sent, and collected on matter received: *Provided, always,* That these rates shall not apply to letters or other mailable matter, addressed to or received from any foreign place or country, to and from which different rates of postage have been or shall be established by international postal convention or arrangement already concluded or hereafter to be made.

**SEC. 8 establishes uniform rates of United States postage, without regard to distance, upon all letters, &c., addressed to foreign countries with which postal treaties or arrangements have not been concluded. Heretofore the United States postage on letters addressed to such countries has varied in amount, according to distance; ten cents the single rate having been charged for distances not exceeding 2,500 miles, and twenty cents the single rate for any distance over 2,500 miles; but in future the United States postage is to be levied and collected at the office of mailing or delivery, *at uniform rates*, as follows:**

Ten cents per single rate of half ounce, on letters.

Two cents each on newspapers; and the established domestic rates on pamphlets, periodicals, and other kinds of printed matter.

These rates do not, of course, apply to the correspondence exchanged with foreign countries under existing international postal arrangements.

**SEC. 9. And be it further enacted,** That the Postmaster General is authorized to sell, or cause to be sold to individuals, corporations, and business firms, postage stamps, in quantities of not less than one hundred dollars in value, *at a discount not exceeding five per centum from the face value of such stamps, and to sell, or cause to be sold, stamped envelopes, in packages containing not less than five hundred envelopes, at a discount not exceeding five per centum from the current prices thereof when sold in less quantities.*

**SEC. 9. This section is specially designed to encourage parties to purchase postage stamps and stamped envelopes as articles of trade, to be resold, and thus relieve post offices of the labor connected with making sales in small quantities.**

Postmasters will accordingly sell postage stamps in quantities not less than one hundred dollars in value, and stamped envelopes in packages containing not less than five hundred envelopes, at a discount of five per cent. from the face value of stamps and from the current prices of envelopes, including the stamps.

In order to obtain credit for the discount thus allowed, a voucher must be procured in each case, signed by the purchaser and the postmaster, showing the original value of the stamps and envelopes of each denomination, the amount deducted, and the actual amount paid for them.

Postmasters will report monthly to the Third Assistant Postmaster General the amount of such sales.

**SEC. 10. And be it further enacted,** That the twenty-eighth section of the act entitled "An act to amend the laws relating to the Post Office Department," approved March three, eighteen hundred and sixty-three, be, and the same is hereby, amended by the addition of the following clause, namely: And when any letter bearing a request for its return to the writer, in case of its non-delivery, shall have been so returned to the office at which it was originally mailed, then, and in that case, it shall be obligatory upon the person to whom such letter has been returned to receive the same, and to pay therefore for the postage specified by this section; and in default of said writer to receive and pay for the letter so returned, he shall be subject to a penalty of ten dollars, to be recovered in any court of competent jurisdiction.

**SEC. 10. The law of March 3, 1863, here referred to, is one of great importance, as it enables writers of letters which may remain unclaimed to receive them back again without going through the dead letter office. Particular attention is called to the instructions published on this subject in July, 1860, May, 1861, and with section 28 of act of March 3, 1863.**

The present law imposes a penalty of ten dollars on any person who refuses to pay the postage on a letter returned to him at his own request, and postmasters are directed to enforce this provision against all persons who may persist in such a refusal.

**SEC. 11. And be it further enacted,** That if any person, not authorized by the Postmaster General, shall set up or profess to keep any office, or any place of business, bearing the sign, name, or title of post office, every such person shall forfeit and pay the sum of five hundred dollars for every such offence.

**SEC. 12. And be it further enacted,** That if any person employed in any of the departments of the post office establishment shall unlawfully detain, delay, or open any letter, packet, bag, or mail of letters with which he shall be intrusted, or which shall have come to his possession, and which are intended to be conveyed by post, or to be carried or delivered by any mail carrier, mail messenger, letter carrier, route agent, or other person employed in any of the departments of the post office establishment of the United States, or to be forwarded or delivered through or from any post office or branch post office established by authority of the Postmaster General of the United States, if any such person shall secrete, embezzle, or destroy any letter or packet intrusted to such person as aforesaid, and which shall not contain any security for or assurance relating to money as hereinafter described, every such offender, being thereof duly convicted, shall, for every such offence, be fined not less than three hundred dollars, or imprisoned not less than six months, or both, according to the circumstances and aggravations of the offence. And if any person employed as aforesaid shall secrete, embezzle, or destroy any letter, packet, bag, or mail of letters, with which he or she shall be intrusted, or which shall have come to his or her possession, and are intended to be conveyed by post, or to be carried or delivered by any mail carrier, mail messenger, letter carrier, route agent, or other person employed in any of the departments of the post office establishment of the United States, or to be forwarded or

delivered through or from any post office or branch post office established by authority of the Postmaster General of the United States, such letter, packet, bag, or mail of letters, containing any note, bond, draft, check, revenue stamp, postage stamp, money order, certificate of stock, or other pecuniary obligation, or government security of any description whatever, issued, or that may hereafter be issued, by the United States, or by any officer or fiscal agent thereof, any bank note or bank post bill, bill of exchange, warrant of the treasury of the United States, note of assignment of stock in the funds, letters of attorney for receiving annuities or dividends, or for selling stock in the funds, or for receiving the interest thereof, or any letter of credit, or note for, or relating to, payment of moneys, or any bond, or warrant, draft, bill, or promissory note, covenant, contract, or agreement, whatsoever, for, or relating to, the payment of money, or the delivery of any article of value, or the performance of any act, matter, or thing, or any receipt, release, acquittance, or discharge of, or from, any debt, covenant, or demand, or any part thereof, or any copy of any record of any judgment, or decree, in any court of law, or chancery, or any execution which may have issued thereon, or any copy of any other record, or any other article of value, or any writing representing the same; or if any such person, employed as aforesaid, shall steal, or take, any of the same out of any letter, packet, bag or mail of letters, that shall come to his or her possession, whether such letter or packet, bag, or mail of letters, shall have come or been placed in his or her possession to be forwarded or delivered in the regular course of his or her official duties, or shall have come or been placed in his or her possession in any other manner, and provided that such letter or packet, bag, or mail of letters, shall not have been delivered to the person or persons to whom it is directed, such person shall, on conviction for any such offence, be imprisoned not less than ten years, nor exceeding twenty-one years; and the fact that any such letter or packet, bag, or mail of letters, shall have been deposited in any post office or branch post office established by authority of the Postmaster General of the United States, or in any other authorized depository of mail letters, or in charge of any postmaster, assistant postmaster, clerk, carrier, agent, or messenger employed in the post office establishment of the United States, shall be taken and held as evidence that the same was "intended to be conveyed by post" within the meaning of this statute; and if any person who shall have taken charge of the mails of the United States shall voluntarily quit or desert the same before such person delivers it into the post office kept at the termination of the route, or some known mail carrier, or agent of the General Post Office, authorized to receive the same, every such person, so offending, shall forfeit and pay a sum not exceeding five hundred dollars for every such offence; and if any person concerned in carrying the mail of the United States shall collect, receive, or carry any letter or packet, or shall cause or procure the same to be done, contrary to this act, every such offender shall forfeit and pay, for every such offence, a sum not exceeding fifty dollars.—(Section twenty-one, act of March three, eighteen hundred and twenty-five.)

SEC. 13. *And be it further enacted,* That dead letters containing valuable enclosures shall be registered in the department; and when it appears that they can neither be delivered to their address nor to the writers, the contents thereof, so far as available, shall be used to promote the efficiency of the dead-letter office, according to the provisions of the seventh section of the act approved February twenty-seventh, eighteen hundred and sixty-one, entitled "An act to establish certain post routes;" and the amount thereof shall be shown in the annual report, and shall be subject to reclamation by either the party addressed or by the sender for four years from registry thereof, careful account being kept of the same. All other letters deemed of value or of importance to the party addressed, or to the writer, and which it appears cannot be returned to either destination, shall be disposed of as the Postmaster General shall direct.

**DEAD-LETTER BILLS** are to be made out according to the directions on page 6 of Instructions, published with act of March 3, 1863, so far as those directions apply to *unpaid* domestic and foreign letters, *return letters, rates, and advertised letters*; but no entry whatever is required of prepaid letters not advertised in a newspaper.

In order to remedy the inconvenience that frequently arises from the loss or miscarriage of weekly and monthly dead-letter bills, there must be carefully attached to each account current at the end of the quarter, a proper dead-letter bill, showing the whole number of *unpaid* domestic and foreign

letters and *return letters*, with their respective rates, and the number of other letters advertised in newspapers, sent to the dead-letter office during the quarter. This bill is to be prepared from the duplicates which postmasters must keep of the bills sent during the quarter to the dead-letter office, and *must be verified by the postmaster's affidavit.*

SEC. 14. *And be it further enacted,* That letter-carriers shall be employed, at such post offices as the Postmaster General shall direct, for the delivery of letters, in the places, respectively, where such post offices are established; and for their services they shall severally receive a salary, to be prescribed by the Postmaster General, not exceeding eight hundred dollars per year: *Provided*, That, on satisfactory evidence of their diligence, fidelity, and experience as carriers, the Postmaster General may increase their respective salaries from time to time to any sum not exceeding one thousand dollars; and each of the said carriers shall give bond, with sureties, to be approved by the Postmaster General, for the safe custody and delivery of all letters, packets, and moneys received by him.

SEC. 14. Letter-carriers will be appointed and their salaries fixed by the Postmaster General as heretofore.

Where letter-carriers are already appointed, their duty is to deliver all letters concerning which there is no positive direction to the contrary.

It is the special duty of postmasters to provide that all letters are regularly, frequently, and promptly delivered by the carriers, so that citizens may have no excuse for clinging to the old custom of calling at the post office. The purpose of the law, providing for a free delivery of letters at the houses of owners, is to promote the public convenience and at the same time reduce the labor in post offices. Postmasters will especially discourage the use of private boxes, and steadily aim at reducing them to the lowest number possible.

In order to facilitate the carriers' work, citizens must be induced to provide letter-boxes at their houses or places of business.

Where carriers are not yet employed, postmasters should immediately recommend one or more for appointment—selecting only young, vigorous, and reliable men, in whom the people may fully confide.

SEC. 15. *And be it further enacted,* That all expenses for the letter-carriers, branch offices, and receiving boxes, or incident thereto, shall be entered and reported in a separate account from the ordinary postal expenses of such post office, and shall be shown in comparison with the proceeds of the postages on local mail matter at each office, in order that the Postmaster General may be guided in the expenditures for that branch of the postal service by income derived therefrom.

SEC. 16. *And be it further enacted,* That the eighth, eleventh, and fourteenth sections of the act entitled "An act to amend the laws relating to the Post Office Department," approved March three, eighteen hundred and sixty-three, the provisions of which have been modified and incorporated in this act, be, and the same are hereby, repealed.

SEC. 17. *And be it further enacted,* That the special agent of the Post Office Department in the Pacific States and Territories shall receive as compensation five dollars per diem.

Approved July 1, 1864.

N. B.—Instead of the enumeration of letters required by sections 46 and 69 of the Regulations of 1859, each postmaster will in future carefully count the whole number of letters received for delivery during the last week of each quarter, and note the same conspicuously on the margin of the account current. When new blanks are prepared, a special place will be provided for this purpose.

From such reports the whole number of letters during the quarter will be estimated.

For the purpose of preservation and convenient reference, postmasters are required to attach this sheet, by stitching or otherwise, to the law and instructions of March 3, 1863, with which they have heretofore been furnished.

M. BLAIR, Postmaster General.

# AN ACT

## RELATING TO THE POSTAL LAWS.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That all domestic letters, except letters lawfully franked, and duly certified letters of soldiers, and mariners, in the service of the United States, which are deposited for mailing in any post office of the United States, on which the postage is unpaid, shall be sent by the postmaster to the Dead Letter Office in Washington; and all letters deposited for mailing, paid only in part, shall be forwarded to destination, charged with the unpaid rate, to be collected on delivery.

INSTRUCTION, SEC. 1. (a.) Letters lawfully franked must be forwarded free as heretofore under section 42, act approved March 3, 1863, and instructions therewith issued, modified by act of June 1, 1864, which provides, substantially: That all communications on official business, of whatever origin, addressed to heads of the Executive Departments of Government, or heads of bureaus therein, or to Chief Clerks of Departments, or one authorized by the Postmaster General to frank official matter, shall be received and conveyed by mail free of postage, without being franked or endorsed "Official Business."

(b.) All domestic letters *partly* prepaid, and soldiers' and sailors' letters duly certified according to instruction 27 issued with act of March 3, 1863, must be forwarded to their destinations, charged with the amounts of postage due, at prepaid rates, to be collected on delivery, except letters bearing requests for their return to the writers if unclaimed, which, whether partly or wholly unpaid, must be marked "*Held for postage*," and immediately returned to the writers with stamp *not* canceled.

(c.) All domestic letters wholly unpaid, including "Drops," except "Request" letters above described, must be marked "*Held for postage*," postmarked, and specially sent to the *Third Assistant Postmaster General*, accompanied by a *list of persons addressed*, a copy of which must be preserved by the postmaster for reference. The package must be marked outside, "*Held for postage*," and sent as unmailable letters, under section 7, Instructions No. 7, law of March 3, 1863.

(d.) All domestic letters upon which *less than one full rate* of postage is prepaid, must be treated as if wholly unpaid; the stamps must *not* be canceled.

(e.) SECTION 30, Laws and Instructions of 1863, relative to forwarding letters, remains unchanged.

SEC. 2. *And be it further enacted*, That the provisions of the act entitled "An act for the relief of postmasters who have been robbed by Confederate forces or rebel guerrillas," approved April twenty-nine, eighteen hundred and sixty-four, be, and the same are hereby, extended to cases of loyal postmasters, where, by reason of the presence of armed forces, a post office is destroyed and the postmaster loses the fixtures and furniture or postage stamps and stamped envelopes; and also to cases where such losses are occasioned by armed forces other than those of the so-called Confederate States.

INSTRUCTION, SEC. 2. Postmasters seeking relief either under the act of April 29, 1864, or under its provisions as above extended, will make a statement under oath as to the value of each particular item destroyed or stolen, (as the case may be,) and all the attending circumstances, and transmit the same promptly to the *Third Assistant Postmaster General*, accompanied by all other evidence that can be obtained in the particular case.

Where a claim is made for money so destroyed or stolen, the postmaster must also be able to state positively that it was the property of and belonged to the United States, and that he had no claim to the same, or any portion thereof, by reason of commissions or salary due to him by the Department, or from any cause, matter, or thing whatsoever.

Incontestable evidence must be produced of the past and present loyalty of the claimant.

SEC. 3. *And be it further enacted*, That, in addition to the items of rent, fuel, light, and clerks, enumerated in the fifth section of the act approved July first, eighteen hundred and sixty-four, the Postmaster General be, and he is hereby, authorized to allow, at his discretion, out of the revenues of the office at New York, and of offices of the first, second, third, and fourth classes, a just and reasonable sum for the necessary cost, in whole or in part, as well of the foregoing items as of furniture, stationery, printing, and other items of expenditure required at offices of those classes, to be adjusted upon satisfactory exhibit of the facts; and that he be authorized to pay out of the proceeds of the money-order business the cost of stationery and such other incidental expenses as are necessary to the transaction of that business.

INSTRUCTION, SEC. 3 Expenditures for clerk hire, rent, fuel, and light, in the case of offices of the first and second classes, will be fixed by an order on the receipt of an estimate from the postmasters of such offices, and shall remain for one year, or until otherwise ordered; and other items of expense for furniture, stationery, &c., under this section, in the case of the same class of offices, must be made only under special authority from the Postmaster General, and applications must be made to him for such authority, accompanied with estimates, previous to incurring such expense.

Offices of the first and second classes will hereafter be furnished with envelopes for official use by the Department; and postmasters of those offices are prohibited from purchasing envelopes except in case of emergency, when they must confine purchases to immediate wants, and an explanation must accompany the vouchers therefor.

Applications for envelopes must be made to the *Third Assistant Postmaster General*.

Allowances, in the discretion of the Postmaster General, for any items of expense named in this section, to postmasters of the third and fourth classes, will be governed by section 6 of the act of July 1, 1864.

SEC. 4. *And be it further enacted*, That the seventh section of the act entitled "An act to amend the laws relating to the Post Office Department," approved March three, eighteen hundred and sixty-three, be, and the same is hereby, amended so as to authorize the Postmaster General to allow for the publication, in newspapers, of the list of non-delivered letters at any post office, compensation at a rate not to exceed two cents for each letter so advertised.

INSTRUCTION, SEC. 4. Postmasters who advertise letters in newspapers under Instruction No. 7, issued with act of March 3, 1863, are authorized to pay two cents for every letter so advertised. This charge is to be marked on each letter and collected on delivery.

SEC. 5. *And be it further enacted*, That the seventeenth section of the act entitled "An act to establish salaries for postmasters, and for other purposes," approved July one, eighteen hundred and sixty-four, be, and the same is hereby, amended so as to restore, from the date of its passage, to the Special Agent of the Post Office Department in the Pacific States and Territories, his regular salary of two thousand five hundred dollars per annum, under the act of March two, eighteen hundred and sixty-one, with an allowance, in addition thereto, of a sum not exceeding five dollars per diem, to provide for his actual traveling and incidental expenses while actively employed in the service. And the Postmaster General is hereby authorized to appoint an additional Special Agent for the Pacific States and Territories, and two additional Special Agents to superintend postal matters connected with the railway mail service of the United States, who shall receive the same salary and per diem allowance, in addition, for traveling and incidental expenses, to be paid out of the appropriation for mail transportation.

SEC. 6. *And be it further enacted*, That hereafter Special Agents of the Post Office Department, other than those appointed for the Pacific States and Territories, or those appointed under the authority of the preceding section of this act to superintend postal matters connected with the railway service of the United States, shall be

allowed for their necessary traveling and incidental expenses, while actively employed in the service, a sum not exceeding five dollars per diem.

**SEC. 7. And be it further enacted,** That the Postmaster General be, and he is hereby, authorized to pay, out of the appropriation for miscellaneous expenses, the sum of ten thousand dollars, or so much thereof as may be required, for defraying the necessary expense of preparing and publishing a set of post-route maps, arranged by States and groups of States, and showing all the permanent mail routes, distances, and post offices thereon, in the United States, with other statistical information.

**SEC. 8. And be it further enacted,** That for the purpose of assorting and distributing letters and other mail matter in railway post offices, the Postmaster General may, from time to time, appoint clerks, who shall be paid out of the appropriation for mail transportation: *Provided*, That the salary of each head clerk so appointed and employed shall not exceed fourteen hundred dollars per annum, and that the salary of other clerks shall not exceed twelve hundred dollars each per annum.

**SEC. 9. And be it further enacted,** That the provisions of the fourth section of the act entitled "An act making appropriations for the service of the Post Office Department during the fiscal year ending the thirtieth of June, eighteen hundred and sixty-one," approved June fifteenth, eighteen hundred and sixty, be, and the same are hereby, modified so as to authorize the Postmaster General to cause the mails to be transported between the United States and any foreign port or ports, or between ports of the United States, touching at a foreign port, by steamship, allowing and paying therefor, if by an American vessel, any sum not exceeding the sea and United States inland postage, and if by a foreign vessel, any sum not exceeding the sea postage on the mails so conveyed.

**SEC. 10. And be it further enacted,** That no steamship or other vessel departing from the United States for a foreign port or ports, shall be permitted to receive on board or convey any letters or letter packets originating in the United States, which have not been regularly posted at, and received from, the post office at the port of departure; and it shall be the duty of the collector or other officer of the port empowered to grant clearances of vessels, to require as a condition of clearance, from the master or commander of such steamship or vessel, an oath or affirmation that he has not received on board his ship or vessel, and has not under his care or within his control, and will not receive and convey, any letters or letter packets addressed to a foreign country, except as hereinafter excepted, which have not been delivered to him from the post office at the port of departure: *Provided, however*, That the provisions of this section shall not apply to any letters or letter packets which relate to the cargo and are addressed to the owner or consignee of such steamship or other vessel, or to any letters or packets which are inclosed in a United States stamped envelope of a denomination sufficient in amount to cover the United States postage legally chargeable thereon if such letters or packets had been posted and transmitted by the regular mail.

**SEC. 11. And be it further enacted,** That nothing contained in the act entitled "An act to establish a postal money-order system," approved May seventeen, eighteen hundred and sixty-four, or in any other act, shall be so construed as to prevent deputy postmasters at money-order or other offices from depositing in the national banks designated by the Secretary of the Treasury as public depositories, to their own credit as deputy postmasters, money-order or other funds in their charge, under the direction of the Postmaster General, nor to prevent their negotiating drafts, orders, or other evidences of debt through these banks, as they may be instructed and required by the Postmaster General.

**INSTRUCTION, SEC. 11.** Any postmaster who desires to deposit, in the mode prescribed by this section, the public moneys in his custody in a National Bank designated by the Secretary of the Treasury as a public depository, should make written application to the Postmaster General for a permission to make such deposits. The application should state explicitly the locality and name of the bank, together with the names of its officers, and also the date of its designation as a depository of public moneys.

**SEC. 12. And be it further enacted,** That the balance which may remain unexpended of the appropriation of one hundred thousand dollars to meet any deficiencies in the proceeds of the money-order system during the present fiscal year, under the thirteenth section of the act approved May seventeen, eighteen hundred and sixty-four, may be used, as far as may be necessary, to supply deficiencies in the proceeds of the aforesaid system during the fiscal year commencing July first, eighteen hundred and sixty-five.

**SEC. 13. And be it further enacted,** That if any person or persons shall willfully and maliciously injure, tear down, or destroy any letter-box, pillar-box, or other receiving boxes established by authority of the Postmaster General of the United States for the safe deposit of matter for the mails and for delivery, or shall willfully aid and assist in injuring, tearing down, or destroying any such box or boxes, every such offender, being thereof duly convicted, shall, for every such offense, be fined not less than one hundred, nor more than one thousand dollars, or be imprisoned not less than one year, nor more than three years, or both, according to the circumstances and aggravations of the offense. And if any clerk or other person employed in any of the departments of the Post Office establishment shall willfully and unlawfully remove from any letter posted at or received in any post office or branch

post office established by authority of the Postmaster General of the United States, any postage stamp or stamps affixed thereto in payment of postage, every such offender, being thereof duly convicted, shall, for every such offense, be fined not more than one hundred dollars, or imprisoned not more than six months, according to the circumstances and aggravations of the offense.

**INSTRUCTION, SEC. 13.** Postmasters will report to the Department any violation of this section of the law, with the evidence relied on to prove the charge.

**SEC. 14. And be it further enacted,** That the yearly advertisement for proposals to carry the mails of the United States shall be published hereafter, for a period of six weeks, in one or more, but not to exceed five, newspapers, printed in the State or Territory where the mail service is to be performed, one of which shall be printed at the seat of government of such State or Territory.

**SEC. 15. And be it further enacted,** That nothing contained in the act entitled "An act to amend the laws relating to the Post Office Department," approved March third, eighteen hundred and sixty-three, shall be so construed as to repeal or modify the second section of the act entitled "An act making appropriations for the service of the Post Office Department during the fiscal year ending the thirtieth of June, eighteen hundred and sixty-one," for the delivery of letters and other mail matter from post offices where the system of free delivery by carriers has not been established: *Provided, nevertheless, and it is hereby further enacted*, That the system of free delivery shall be established in every place containing a population of fifty thousand within the delivery of the office thereof, and at such other places as the Postmaster General, in his judgment, shall direct: *And provided further*, That the prepayment postage on drop letters in all places where free delivery is not established shall be one cent only.

**INSTRUCTION, SEC. 15.** Postmasters at offices where free delivery is not in operation, if in their opinion it will be beneficial to the service, may nominate one or more suitable persons to act as Penny-post men. Application for the appointment of such men must be made to the First Assistant Postmaster General.

The general rules applicable to the free delivery system, as shown in Instructions under laws of March 3, 1863, and July 1, 1864, will apply to the Penny-post delivery, except so far as relates to compensation of carriers.

Penny-post men will receive no compensation other than the fees they may receive for delivering mail matter. They will demand not exceeding one cent for each letter they may deliver.

The rate of postage on Drop letters, where free delivery does not exist, will be one cent, always to be prepaid by stamps, which will be furnished to postmasters upon application to the Department; but at free delivery offices, the prepaid rate for "Drops" will be two cents, as heretofore.

**SEC. 16. And be it further enacted,** That no obscene book, pamphlet, picture, print, or other publication of a vulgar and indecent character, shall be admitted into the mails of the United States. Any person or persons who shall deposit or cause to be deposited in any post office or branch post office of the United States, for mailing or for delivery, an obscene book, pamphlet, picture, print, or other publication, knowing the same to be of a vulgar and indecent character, shall be deemed guilty of a misdemeanor, and, being duly convicted thereof, shall, for every such offense, be fined not more than five hundred dollars, or imprisoned not more than one year, or both, according to the circumstances and aggravations of the offense.

**INSTRUCTION, SEC. 16.** Violations of this section must be promptly noticed by Postmasters, and the District Attorney notified by them, when the party violating the law is known with reasonable certainty, and the evidence, including the obscene matter, placed in his hands.

When the guilty party is not known, the books or other obscene matter must be sent to the Third Assistant Postmaster General, in a sealed package marked "SPECIAL," and, at the same time, a letter must be written informing him that the package has been sent.

#### ADDITIONAL INSTRUCTIONS.

##### REGISTERED LETTERS.

**SEC. 447.** Regulations of 1859, and Instructions under section 32, act of March 3, 1863, are so modified as to require that every registered letter or parcel of registered letters, with its appropriate bill, shall be mailed in a sealed envelope or wrapper, addressed to the Postmaster of the office to which it is destined, but in the same package with the unregistered letters sent from the mailing office, by the same mail, to the same destination. When registered letters are to pass through a distributing office, they must be billed and mailed to such distributing office as if they were for delivery there, the letters "D P. O." merely being added to the heading of the

registered letter bill. *Never send a registered letter in a package of letters intended for distribution.*

#### REQUEST LETTERS.

The latter part of the last paragraph of Instruction No. 28, 1863, is so modified, that no account need be kept of "Request" letters received from other offices for delivery to the writers; and in place of sending to this Department *copies* of the accounts required to be kept by the first part of said paragraph, a simple statement of the whole number of such letters sent back to the writers during each quarter, must be sent by special letter to the Third Assistant Postmaster General; *never* to be included in the quarterly returns.

Attention is also called to the necessity of erasing the *whole* original address, and properly marking such letters before returning them to the writers, (as directed by the Instruction aforesaid,) as well as to the requirements of Sec. 10, Law of 1864.

#### WRAPPING LETTERS.

It appears that a misconstruction has been placed upon a paragraph in a circular issued from this Department in October, 1864. It was not intended to authorize postmasters to abandon wrappers to the extent that has been unwarrantably practiced to the embarrassment of the service. Postmasters are, therefore, now instructed to conform fully to the first paragraph of section 47, and to sections 42 and 43 of chapter IV of the Regulations of 1859. Postmasters, however, whose offices are supplied in whole or in part by Railway Post Offices in operation, or to be put in operation hereafter, will

be governed by instructions from the Superintendent of Railway Mail Service in regard to the manner of making up mails. The discontinuance of wrappers was intended to be confined to those offices receiving mails through Railway Post Offices, and to that service exclusively.

#### CANCELING POSTAGE STAMPS.

Special attention is called to the regulations concerning post-marking letters and canceling postage stamps.

The latter clause of the Regulations of 1859, section 397, is repealed, and the use of the office rating or post-marking stamp as a canceling instrument is positively prohibited, inasmuch as the post-mark, when impressed on the postage stamp, is usually indistinct, and the cancellation effected thereby is imperfect. The postage stamp must therefore be effectually canceled with a separate instrument.

"If the canceling has been omitted on the mailing of the letter, packet, or parcel, or if the cancellation be incomplete, the postmaster at the office of delivery will cancel the stamp in the manner directed, and forthwith report the delinquent postmaster to the Postmaster General, as the law requires."

Neglect of these duties on the part of a postmaster will be considered a sufficient cause for his removal from office.

N. B.—Failure of postmasters to give their constant personal attention to their official duties, will be cause for removal.

WILLIAM DENNISON,

*Postmaster General.*

POST OFFICE DEPARTMENT, *May 1, 1865*
