## **Second International Symposium on Analytical Methods in Philately**

**Itasca Illinois, 18-19 November 2015**

The U.S. Philatelic Classics Society has had a strategic alliance with The Institute for Analytical Philately since IAP's founding. Many Classics Society members participated in IAP's First International Symposium, which was held at the Smithsonian National Postal Museum in 2012.

By popular demand IAP will hold a second symposium, this time in conjunction with Chicagopex 2015. For the convenience of participants, the location is the Chicagopex show hotel, which will offer the same room rates as for the show to be held on 20-22 November.

On Wednesday the 18<sup>th</sup>, participants will be treated to a cocktail party and buffet at the Collectors Club of Chicago, with transportation provided. Participants will also receive a free copy of the bound proceedings volume, which will be published by the Smithsonian Scholarly Press. Plan to stay on for Chicagopex!
